executive committee has tentatively chosen the high school auditorium for a concert hall—expecting to accommodate 800 members at each performance.

Other volunteers serving on Rose's committee are Mrs. E. B. Ochander, first vice - president; Mrs. Ethel Gray, general chairman; Mrs. Bertha Sutton, secretary; Mrs. Densil Willis, treasurer, and Mrs. Mildred Seiler, headquarters secretary. Temporary headquarters for the association is set up in the local Bank of America.

Only obstacle now in the way of rapid membership registration is the need for captains, to sell the cards. Volunteers may phone Elman Rose at JUniper 4-8898.

Prominent Rancher Dies At Colma Home

James M. Callan, life - long rancher in the Colma district, was buried in Holy Cross Cemetery Tuesday morning after funeral services from the chapel of W. C. Lasswell Mortuary.

Mass was said for the deceased before interment, at Holy Angels Church in Colma. Rosary was recited Monday night.

Born at Lake Merced August 22, 1873, Callan was one of a large family of ranchers in north San Mateo county. He came to Colma as a young boy, and remained to carry on a large hog ranching business.

A member of the elementary school board of trustees for some years, he also had been a candidate for county assemblyman. He was married and widowed twice.

Death came to the popular Colma rancher on April 3, at his home, Rt. 1, Box 90, Colma.

Survivors include three daughters, Mrs. Meta Regoli, Mrs. Kathryn Gerrans and Mrs. Elizabeth Hardin; a son, James J. Callan; two brothers, Jack and Thomas Callan; three sisters, Mrs. Katherine Fitzpatrick, Mrs. Mary Zipser and Mrs. Margaret Steele, and four grandchildren, Arthur Regoli, Judith and Kathleen Gerrans and James Hardin.

He was a past president of the Veteran Firemen's Association.

Lay Cornerstone, Lutheran Church, Sunday Ceremony

Bethel Lutheran Church, Alemany boulevard and Huron avenue, will conduct a special service Sunday afternoon at 4 p. m. in observance of the laying of the corner stone of the new church edifice.

The Rev. Arthur Brohm sr., D.D., pastor of St. John's Lutheran Church of this city, will deliver the sermon. The service will be conducted in the parish house and the laying of the corner stone will be held at the entrance of the new structure on Alemany boulevard.

The Rev. Herbert P. Schroeder, pastor of the congregation, will be in charge of the ceremony. He will be assisted by F. W. Mosiman, chairman of the buliding committee, and Elmer H. Ohlendorf, president of the congregation.

Building operations began in December, 1947. Completion of the church is expected in June. William Horstmeyer Company is the contractor. Alfred Johnson is the architect.

Fair Building May Not Be Completed For 1948 Fiesta

Prospect of holding this year's county fair and fiesta in a brand new building shone a bit more dim today as the fair board's fiesta committee continued with rapid plans for the building's development.

Anthony Gaggero, of Daly City, building chairman for the committee, this week announced that while action on construction is swiftly developing, the prospect of completion in time for the August event seems less probable.

Gaggero and others on the committee met last Saturday to discuss matters with Earl Hampton, state architect who is drawing up the master plan, and Al Snyder, state director of fairs.

The immediate plan calls for one building of approximately 70,000 feet, intended to accommodate 10,000 people, Gaggero said. However, the master plan must be far-reaching in expectation of additional buildings in future development.

Site for the main building and adjacent offices will be the 25 acres next to Bay Meadows' parking lot. Construction funds were obtained from a state grant of $254,500, and the county's $140,000 fiesta fund.

Unidentified Body Washed Up On Thornton Beach

Identity of a body washed up on Thornton Beach near Colma last Saturday remained unsolved today. The body was buried Tuesday by W. C. Lasswell Mortuary in Olivet Memorial Park.

Dr. Lawler A. Drees, who performed an autopsy, said the man was about 30 years old. Speculation as to identification of the body as that of Chris Christensen, missing San Francisco supervisor, was dispelled by examination of the teeth.

The body was found at approximately 4:15 p. m. Saturday by an unidentified 12-year-old boy who was playing on the beach. After finding the body he ran to the nearby Mar Vista Riding stables and informed William Zappettini, the manager, who notified Daly City police. Deputy Sheriff Paul Jensen was sent to investigate.

Three plead Guilty To Drunk Charges

Three men paid fines last Friday in Daly City municipal court after pleading guilty to charges of drunkenness in and about autos.

Jose Cesena of San Francisco pleaded guilty to a charge signed by Officer John Walsh and was fined $50.

Others convicted were William John Locke and Alexander John McDonald, each of whom pleaded guilty and paid fines of $100.

Woman Gets 30 Days For Disturbing The Peace

Mrs. Evelyn Ferrera, 500-A Templeton street, was sentenced to 30 days in the county jail Monday for violation of probation.

Municipal Judge William J. Sweeney heard the case and passed sentence after Mrs. Ferrera's arrest last Friday on drunk and disturbing the peace charges. She was on probation from a previous conviction.

Elementary School Board Meet Postponed To Thur.

The first April meeting of the Jefferson Elementary School district board of trustees, previously scheduled for Tuesday, April 13, will be postponed until Thursday, April 15, Superintendent R. L. Crane announced today.

The meeting, Crane said, is being postponed for two days to preclude conflict with the activity of election day.

S.F. Woman pays Fine, Gets Suspended Term

Mrs. W. G. Newberg, of San Francisco, was given a 10-day suspended sentence, one year probation and $25 fine by Judge William J. Sweeney in municipal court last week after pleading guilty to a charge of disturbing the peace and destruction of property.

Mrs. Newberg was charged by Mrs. Beulah Burkhart, proprietor of the Hilltop Lodge, with creating a disturbance in her place of business and with breaking a mirror valued at $120.

Judge Sweeney instructed the San Francisco woman to pay damage costs.

Three Injured In Highway Accident

Two San Francisco women and a baby were treated at Junipero Serra Hospital last Friday for injuries sustained in an automobile accident on Skyline boulevard near San Pedro road, Colma.

Driver of one of the three cars involved in the collision was Frank F. Burrows, 47, 1317 Montero avenue, Burlingame, former Burlingame mayor. He was not injured.

According to the highway patrol, the Burrows car skidded on wet pavement during a heavy rain and collided broadside with a car driven by Inez Tonella, 24, San Francisco, which then was rammed by a car driven by Robert Russell, 19, of Menlo Park.

The injured persons, passengers in the Tonella car, were Carole Bargagliotti, 2½, bruised forehead; Ida Bargagliotti, 58, wrenched ankle, and Liberty Bargagliotti, 23, lacerated knee.

LIONS CLUB BENEFIT SHOW BRINGS WILD ROUNDS OF APPLAUSE

Local Funsters And Professionals Head Performance

Gails of laughter, whoops and hollers rang through the orchestra and up to the rafters of the Daly City Theatre Tuesday night as the Daly City - Colma Lions Club staged its 1948 Benefit Variety Show.

From the opening chorus of the Star-Spangled Banner to the closing curtain on the Beer Barrel Polka, the theatre resounded with sounds of mirth and hilarity, as a cast of professional entertainers, mingled with familiar personalities, clowned through their acts.

Gil O'Shaughnessy, master of ceremonies, opened the show and closed it, and appeared periodically on the stage to introduce the performers. Himself a talented clarinetist, Gil actually "sent" his audience in one of the infrequent non-comedy acts, with his rendition of St. Louis Blues.

Stanford Hannah, Lions Club president, introduced the Lions present and subjected them to a "shocking" jury trial on the merits of the local lodge. Art Kloth, former manager of the theatre and production manager of the show, and Elio Fontana displayed their skill on the violin and accordion, respectively, with the accompanying quartet. Kloth did a masterful job on Dark Eyes.

The professional performers, Shavo Sherman, comedian and impersonator; Happi Bruno, ventriloquist, and Bill Sweeney, magician, lived up to more than was expected. Sherman, comedian at Bimbo's 365 Club in San Francisco, brought the house down with his hilarious interpretations of famous comedy actors. And Bruno, after his performance with Cecil McGuire, the dummy, did a magic rope act with the aid of Judge Bill Sweeney and Bill Degliantoni, which stunned his audience.

Jo Shroyer, vivacious contralto from Mercy High School, and Bob Moore, western ballad singer and guitarist, brought thunderous applause for their performances.

The last act, a folk tune medley by the Eagles Hillbilly Band, saw eight local Eagles garbed in various outlandish costumes playing such ingenious rythm-makers as tub-viols and washboard drums with their fiddles and geetars. Doris Parodi, pretty Jeff Hi yodler, did her stuff to their accompaniment. Under their disguises, the mountain boys were Arthur Heggdon, Harry Pixton, Bob Sullivan, George Wheeler, Ed Minsinzer, Bert Merritt, Joe Lewkowitz and Alec Strong.

Other Lions figuring in the show's production were Ted Hopman, Joe Sarto, Ira Neville and Al Harrison.

SCOUT LEADERS HAVE ANNUAL DINNER

The first annual dinner of the Federation of Girl Scout Councils of Northern San Mateo County was held Wednesday, March 31, at the American Legion Hall in San Bruno.

After the colors were presented by Girl Scout Troop No. 5 from San Bruno, the pledge and Girl Scout promise were given, followed by songs led by Mrs. Bea Binns of South San Francisco.

The Federation is comprised of four councils: Daly City, Colma, Bayshore, San Bruno, Lomita Park, Millbrae and South San Francisco. The business is administered by the Central Committee, which includes: Mrs. Stella Jensen, Colma, chairman; Mrs. Ralph Hannah, Millbrae, secretary; Mrs. Duke Reandeau, Daly City, treasurer; Mrs. Floyd Huff, Millbrae, staff and office; Mrs. Verne Baker, San Bruno, camp; Duke Reandeau, Daly City, car procurement; Floyd Towers, San Bruno, insurance; Mrs. H. J. Bailey, of South San Francisco; Mrs. W. H. Powers, of South San Francisco, and Mrs. Willard Engvall of San Bruno - Lomita Park.

Mrs. Edward Gould, executive director for the area, presented the first printed annual report, which revealed an area membership of 1092 Girl Scouts and 345 adult workers. Of these, 411 girls have been to camps and 190 adults have received training for their jobs.

Mrs. Gould stated that as a federation the group has spread from a "noble experiment" in 1948, emphasizing the success of close cooperation among all units in the area.

The 23 Girl Scout workers from Daly City - Colma who attended the dinner were: Mesdames Stella Jensen, Duke Reandeau, Hilda Heagney, Muriele Pabst, Ida Hanley, Mary Crane, Bernice Hannah, Cora Oberg, Louise Eliason, Frances Windhurst, Emma O'Keefe, Thelma Hamilton, Edna Mullens, Irene Cripps, Ruth Emerson, Angie Thur, Lorraine Todhunter, Marie Pool, Mildred Morgan, Anne Cooper, Maudie Brunet, and Marie Miller, and Mr. Duke Reandeau.

FIVE CANDIDATES COMPETE FOR TWO SEATS ON COUNCIL ... HEAVY VOTE EXPECTED TO BE CAST

What policy on annexation of unincorporated areas adjacent to Daly City, and what policy on the provision of additional facilities for recreation were the questions on which the April 13 city council election seemed today to hinge.

Four candidates for election to the two available seats on the city's governing body were slugging it out in advertisements, in publicity releases and by word-of-mouth over the two questions, while a fifth, independent candidate submitted a platform of varied proposed improvements ranging from shuttle-buses to street mending.

Julius F. Castelan, the independent candidate, had not joined in the active campaign until late in the race — weeks after his opponents had decided their issues and started swinging. The lone contender is chairman of the San Mateo County Democratic Central Committee.

The incumbents, Edward J. Dennis and Daniel A. Dolan, submit their previous records as councilmen as platforms for re-election to the posts. Recommending caution on all annexation issues, they stand on the council's previous dealings with matters of annexation. On the recreation issue, the incumbents point to organization of a working recreation department as notable progress in that field.

Dennis, president of the San Francisco and San Mateo County Milk Wagon Drivers' Union, has been a councilman for four years. Dolan, a building contractor, has held the post for three months.

Fred Bertetta and Edward J. Mooney, who challenge the incumbents for their seats on the council, submit a need for immediate acquisition of additional territory as their stand on the annexation issue. They maintain that annexation of adjacent unincorporated areas is necessary for the city's survival; that annexation would be a smaller tax burden now than later, when the areas are developed.

On the recreation question, the pair submits a need for additional material facilities to carry on the work of the council's recreation department.

Bertetta, an employe of the Rio Grande Oil company, is a member of the Jefferson Elementary School District board of trustees. Mooney, building engineer for the San Francisco Stock Exchange, is a political novice.

As to the coming election, the Record has its own recommendation to the citizens of Daly City. We urge you to examine carefully the records and platforms of all candidates, and to CAST YOUR VOTE on April 13. Else you cast away the duty and privilege of every American—your most priceless possession — your say in your own government.

Local Man Gets Fine, Suspended Sentence; Disturbing The Peace

Pat Harrison, 233 Los Olivos, was given a 30-day suspended jail sentence, one year probation and fined $25 in municipal court this week when he pleaded guilty to a charge of disturbing the peace.

Complaint was signed by Fred Zieske, 51 Evergreen, who charged Harrison with creating a disturbance in his home.

Colma Banker Dies In San Mateo

Funeral services were held yesterday for Leo Graziani, 46, who died suddenly of a heart attack in San Mateo last Sunday.

The deceased, a resident of 28 San Pedro road, Daly City, was a loan officer at the Colma branch of Bank of America. He is survived by his widow, Susie; a son, James; a daughter, Judy, and his parents, Mr. and Mrs. Giacomo Graziani of Daly City.

Mass was said at 9:30 a. m. yesterday at Holy Angels Church in Colma, after funeral services at W. C. Lasswell Mortuary. Interment was in Holy Cross Cemetery.

William H. Taylor To Head County Red Cross Chapter

William Hendrickson Taylor, 501 Edgewood road, San Mateo, was elected chairman of the San Mateo County Chapter, American Red Cross, by unanimous vote at a special meeting of the board of directors to succeed Gayle Anderton, deceased.

Taylor is a veteran in Red Cross work, having served as chairman of disaster relief of the local chapter since 1945, and he was the first treasurer of the Red Cross chapter in the Philippine Islands. He is a graduate of Yale University, a life member of the Rotary Club and a pioneer of International Rotary in the Far East. During World War II, Taylor served twice as chairman of the War Chest. He was associated with the International Banking Corporation of New York for 25 years in London and Hankow, China. He was also manager of the Bank of Manila and a former mayor of the City of San Mateo.

Miss Helen Chesebrough, executive vice-chairman of the chapter, stated, "We are indeed fortunate to have a man of Mr. Taylor's experience and capacity to lead our chapter."

Local Patrolmen To Attend School In San Mateo

Three police officers on the local force will attend a "recruit school" for policemen with less than two years' experience, and several others will take refresher courses during the next two years at San Mateo High School.

Sponsored by the Peninsula Police Officers' Association, the school is being conducted from April 4 to April 26 with the ultimate objective of "establishing a permanent police academy in San Mateo county," according to Police Chief Robert E. O'Brien of San Mateo, chairman of the training committee.

Chief O'Brien said a survey of the county revealed 50 to 60 police officers with less than two years' experience, including 16 men on the San Francisco Airport force at San Bruno.

Other members of the committee which arranged the schedule of instruction for the special school were Chief Edward Farrell of Atherton, Chief Louis Belloni of South San Francisco, Gerald Campbell, county resident agent of the Federal Bureau of Investigation, and William Maher of San Bruno.

George Brereton, in charge of identification for the state department of justice, has promised to send an instructor in "report writing" for the recruit school, Chief O'Brien said. Other subjects to be offered are Law Enforcement as a Profession; Public Relations, Testifying in Court, Observing and Patrolling, Use of Firearms in Law Enforcement, Scientific Aids in Law Enforcement, Investigations Required of the Patrolmen, and Firearms Training and Gas Instruction.

Colma Bartender Faces Charge Of After-Hours Sales

Frank Silvestri, bartender at Lovchen Gardens, Colma, was released last Saturday on $250 bail to appear before Justice of the Peace John J. Fahey today on a charge of selling liquor after hours.

Silvestri was arrested early Saturday morning by Peter Bozovich and Thomas Gillen, board of equalization agents, for selling liquor after the 2 a. m. closing. He was booked in Daly City jail.

Youth Gets Term For Garage Theft

Norman Francis Banka, 20-year-old Bay Meadows exercise boy, was sentenced to 30 days in the county jail Monday after pleading guilty to a charge of petty theft in connection with the robbery of the Mather Brothers' Garage, 6041 Mission street.

Banka was apprehended after a three-block chase by Fred Mather, garage proprietor, and Geary Hook, a bystander, after rifling the garage cash register of $17.

Man Booked For Drunk Driving After Three-Car Accident

Lewis Edward Bailey, 332 Knowles avenue, was released on $125 bail Sunday after his arrest for drunk driving in connection with a three-car accident in front of 6266 Mission street.

Bailey sustaned a nose injury in the accident. He was treated at Junipero Serra Hospital.

Other cars involved were driven by James G. Huebner of Fresno and Richard F. Conaty of San Francisco.

FAVORABLE ACTION IS EXPECTED SOON ON HILLCREST EXT.

Widening of Hillcrest drive and extension of that thoroughfare to a clover-leaf traffic interchange connecting with Junipero Serra boulevard, Coast highway and Alemany boulevard, are pending approval of final detailed plans by the supervising engineer of Joint Highway District No. 10, according to a report by Councilman Edward J. Dennis, chairman of the City Council Street Committee.

The City Council has already approved a general plan for widening and grade separation of traffic and has already entered into an agreement with the State Department of Public Works wherein $81,143.90 of State gas tax funds are budgeted for the project. Completion of the Special Census in 1946 has increased the City's share of such funds.

The traffic interchange structure, to be built at the intersection of Coast highway and Junipero Serra boulevard, will be similar to those employed on the S.F. Bay Bridge and the Bayshore Freeway, eliminating intersection by grade separation and channelization of traffic. Plans call for the extension of Hillcrest drive as a main artery connecting with the clover-leaf and widening of the present street to facilitate traffic.

Shortage of engineering help and utilization of the District engineering force on other priority jobs have delayed the project, which has been approved by the State Division of Highways, but favorable action is expected in the near future.

PAN-AMERICAN TEST

The observance of Pan-American Day on April 14 finds the relations between the United States and its Latin American neighbors undergoing a severe strain.

That strain stems mainly from the fact that Secretary Marshall has announced at the Bogota conference that the United States is unable to finance a Marshall plan for South and Central America in addition to its aid for Europe.

The countries to the south have made it clear that they feel they should share in the billions for foreign aid. Without our financial help they say they cannot improve their low living standards. Secretary Marshall will have his hands full in soothing their disappointment and at the same time gaining their support for the European recovery program. If he succeeds he will have achieved a most notable diplomatic stroke.

The purpose of Pan-American Day is to emphasize and encourage the spirit of "continental solidarity." Let us hope that the solidarity thus far realized will not be weakened at Bogota but will grow stronger in the years ahead. Such solidarity is of vital importance to every nation in our hemisphere.

THIS WEEK IN HISTORY

Three years ago this week on April 12, 1945, as the war was rapidly drawing to a victorious end for the Allies, the world was shocked by the sudden passing of President Roosevelt.

Many people have wondered how America would have fared in the postwar world — particularly if our relations with Russia would be better, if Mr. Roosevelt had lived.

Our guess is that we would be no friendlier toward the Soviets, or rather, that they would be no friendlier toward us. It is not likely that F.D.R. would have gone on appeasing Stalin in the interest of harmony, nor would the American people have permitted it. Hence the present strained feeling between the two nations would probably have developed even with Roosevelt as President.

Another question in the minds of many is this: If Roosevelt were alive and active today would he be a candidate for a fifth term? There are at least two reasons to think that he would. First, his successes in 1940 and 1944 were largely due to the crises America faced in those years. The present situation fits, or could be made to fit, the same pattern.

Second, there is no man in the party at present with a stature comparable to his. Even the anti-Truman Democrats are hard put to suggest someone to head the ticket. That's why, in desperation, attempts are being made to draft General Eisenhower as the Democratic candidate. In this respect, the loss of Mr. Roosevelt is felt just as keenly today as it was three years ago.

BEAR HUG

Well, the Russians seem bent on squeezing the Western powers out of Berlin through a display of big muscles and bad temper. But it's going to take a lot more than that to do the trick. Britain, France and the United States are well aware that a lot more than the control of Berlin is at stake. They know that to pull out of Berlin under Soviet pressure would be a great psychological blow to the West and a great gain in prestige for the Russians. They also know that a Soviet "victory" in Berlin would likely be followed by a campaign to drive them out of Germany entirely. Stalin, like Hitler, is not quieted by the attainment of an objective. Instead, it inspires him to become even more aggressive. With Russian aggression now extended to Berlin an important phase of the cold war will have to be fought out there. And no matter how hot it gets we'll have to stand our ground.

MOB ACTION

The mob in Columbus, Ohio, which broke into the home of a Communist leader and wrecked it, did a good job—in the interests of foreign propagandists. The conduct of local authorities who did nothing to stop the mob made matters even worse. Mob action such as this, together with indifference on the part of police officials could rapidly bring about the disintegration of law and order. The point at issue is not whether tthe person whose home was entered is a desirable citizen. Apparently he isn't. But he was not charged with the violation of any law. And until he is, he has the same right as any other citizen to come and go and to enjoy the privacy of his home without being molested. The people of America need to be alert against Communism, but they must be even more alert to prevent the anti-Communist hysteria which would lead them into unreasoning violence.

PEN POWER

In these days when so much stress is laid on the need for strong military forces and powerful weapons it is refreshing to observe the might of the pen. Just how potent the ink scribbler can be is evidenced by the howls of protest from the Communists in Italy. They're frothing at the mouth over the torrent of letters coming in from the United States. These letters, mainly from relatives in this country, are urging the Italian People to vote for democracy in the important April 18 elections. The Communists say this is "foreign interference." What they really mean is that it is a type of foreign interference which threatens to destroy the foreign interference they represent.

Dr. George Palmer Principal Speaker At C.C.P.T. Meeting

Mrs. Russell Scott, director of health of California Congress of Parents and Teachers, presented Dr. George M. Palmer of State Health Department to members of Seventeenth district, at a health conference Friday, April 2, held at Peninsular Avenue School in San Mateo.

Palmer, speaking on Functions of Public Health, stated, "People do not know the facilities of the health department. The six basic services are collection and tabulation of records and statistics; planned health education; communicable disease control; maternal and child health service; services in environmental sanitation; and public health laboratory services. Ninety-five per cent of the population in California has the benefit of full time health service. The equipment, personnel, etc. of local departments vary but the initial structure is the same."

Mrs. Scott followed Dr. Palmer with a talk on "What the Parent Teacher Association Can Do." "The P.T.A. is one of the best organizations to assist county health officers because we are interested in health. We are interested in preventive medicine. Children have to grow up and must grow up with healthy bodies. They must have the best chance possible. The P.T.A. has established hot school lunches, child health conferences, and helped with health education. The association is sufficiently in touch with community needs and the members are not afraid of work. California is twenty years ahead in health standards and health education. There are forty million people without health facilities in the United States. The federal health bill before Congress is not socialized medicine, it is designed to establish public health service for all," said Mrs. Scott.

Questions and discussions of varied child health problems followed in the afternoon. Public school nurses, public health nurses, and district members, benefited from the conference arranged by Mrs. Roy N. Cloud jr., district health chairman.

Hanson Baby Is Christened On First Birthday

There was a lot of excitement around the Mel Hanson home last Sunday, for it was the first birthday and christening of their son Jay Albert.

The Rev. and Mrs. M. Swafford officiated in the christening service.

Mr. and Mrs. Jack Hertel, uncle and aunt, were designated as the child's godparents.

Friends and relatives who attended the affair were Mr. and Mrs. L. F. Martinelli and Mrs. Agnes Hanson, the grandparents; Mr. and Mrs. L. Martinelli and sons Bill and Bob; Mr. and Mrs. Jack Hertel, the godparents; Mrs. E. Barger, Mrs. F. Hanson, Mr. and Mrs. F. Fergerson, B. Lasswell, A. Hanson, Albert Martinelli, and Chris Hanson.

After the christening a dinner was served.

Annual C.C.P.T. Convention April 15 In San Mateo

The annual convention of the Seventeenth District, C.C.P.T., will be held at the Sequoia Union High School in Redwood City Thursday, April 15, with Mrs. M. G. Strohmeier of San Mateo presiding officer.

First Vice-president Mrs. Edward Styskel of Burlingame has charge of the day's activities, and will present as her principal speaker State Chairman of International Relations Mrs. Le Roy H. Bailey of Los Angeles, who will elaborate on the convention theme "Free Ways to the Future."

The Rev. George Ray, vicar of St. Peter's Episcopal Church of Redwood City, will offer the invocation, while greetings will be extended to the delegates by A. C. Argo, principal of Sequoia Union High School.

Russ Le Telle, the school's commissioner of welfare, will lead the pledge of allegiance to our flag.

Mrs. F. T. Peterson of San Mateo, music chairman, has arranged a program by students of the school. A recitation on "Freedom" will be given by one of the students, accompanied by choral background directed by Otis Carrington. Mr. Smith, director, will present his orchestral group in several selections, and incidental music will be rendered by a trio of students during the registration period from 9:30 until 10 a. m.

Luncheon will be served for $1 per plate and all reservations must be in by Monday, April 12, to the chairman, Mrs. J. Emmet Jones, Casa Mateo Inn, 350 Bayshore highway, San Mateo 4-1373.

Mortgage Laws

A survey showed that state mortgage laws before the war varied greatly. In Virginia, Texas or Georgia it took only a few days to foreclose. In Illinois, however, foreclosure proceedings averaged over 18 months, and in Alabama more than two years.

People, Spots In The News

DON'T BOTHER ME, read the sign, says two-month-old Jackie Hall as he flew alone high above the Atlantic enroute from London to New York. His grandmother met him at the airport as the sign said she would. (INP)

SNAPPY is the nickname for Karen Lewis, 19, of Wilkes-Barre, Pa., selected Queen of the New York Press Photographers Ball. (Acme)

SO MINUTE are these 100 steel balls made by SKF Industries, Inc., for ball-point pens and delicate measuring instruments that even when magnified three times they barely cover the area of a lady's thumbnail.

SPRING TRAINING SPILL occurred at St. Petersburg, Fla., when Yankee Lonnie Frey (14) tried to beat out a hit down the first base line and collided with Johnny Vandermeer, Cincinnati pitcher, who covered the bag.

Monroe-Excelsior PTA Installs Officers, Chairmen

At the Installation luncheon held at the Mission Grill, on March 31, the following officers and chairmen for Monroe-Excelsior P.T.A. were installed by Mrs. George Hearst of Second District:

Mrs. John Gilliaum, president; Mrs. Joe Asaro, vice-president; Miss Anita J. Bain, honorary vice-president; Mrs. Gino Rossini, recording secretary; Mrs. Oscar Otterbeck, treasurer; Mrs. Clarence Waeltz, financial secretary; Miss Amy Wisecarver, auditor; Mrs. Harold Gilroy, historian; Mrs. Fred Boehrer, parliamentarian, and Mrs. J. A. McCracken, corresponding secretary.

Chairmen installed were:

Mrs. Arthur Werner, citizenship; Mrs. R. J. Neary, parent-education; Mrs. Albert Madsen, safety; Mrs. Edna Planchon, music; Mrs. Edwin Rodgers, sunshine; Mrs. Joe Asaro, program; Mrs. Claire Polis, public welfare; Mrs. Norbert Lyon, budget and finance; Mrs. Harold Gilroy, thrift; Mrs. Charles White, magazines and emblems; Mrs. Arthur Treganza, hostess; Mrs. Francis Klein, publicity, and Mrs. Fred Boehrer, membership.

The first regular meeting of the unit for the new term will be held Wednesday, April 14, at 1:15 p. m. in the Monroe auditorium, with Mrs. John Gilliaum presiding. Speaker will be Mrs. Ralph Saylor, who will speak on "Growing Up."

San Miguel P.T.A. Holds Election; Sets Date For Installation Meet

San Miguel P.T.A. will hold its Installation Luncheon at the Town House, 2623 Ocean avenue, at 12 noon on April 8.

Mrs. O. Brooksbank is chairman.

Mrs. Walter Lubchinko will install the following officers: President, Mrs. Edward Drocco; honorable vice president, Miss Mary O'Connell; vice president, Mrs. H. L. deSurville; recording secretary, Mrs. O. Brooksbank; corresponding secretary, Mrs. J. P. Toboni; financial secretary, Mrs. William Ekman; treasurer, Mrs. R. H. Hamann; historian, Mrs. William Toel; auditor, Mrs. Charles Pool, and parliamentarian, Mrs. P. J. Rose.

A series of six weekly lectures will be given at Balboa High School beginning April 5, by Paul Gump on "Pre-Adolescent Age," at 7 p. m.

A group of ladies from San Miguel P.T.A. are planning to attend.

Divide Iris

Iris should be divided in midsummer after it has finished blooming. If this isn't done every three or four years the plants will become root-bound.

Corpus Christi Mothers Club To Meet April 12

The next regular meeting of the Mother's Club will be held April 12 at the Social Hall, Alemany boulevard and Francis street.

Mrs. Lean Rocca president will call the meeting to order at 8:15 p. m.

The topic of the evening will be final preparations for the annual scholarship whist to be held Friday, May 21.

Mrs. J. Sexton will head the committee.

Excelsior-Geneva Merchants Assn. Dissolved

Dissolution of the Excelsior-Geneva Merchants Association was announced this week by Don Grant, president, and his administration, after an apparently unsuccessful attempt to revive activity in the faltering organization.

In a special notice distributed to all members of the association, the officers said:

"Lack of interest on the part of all members in general has made it impossible to carry on the association. A very few "work horses" can't do the job alone.

"There will be no more meeting notices sent out.

"The money we have on hand will be left in the bank to be used for the general benefit of the districts when a suitable occasion arises."

Mission Terrace Improvement Club Reactivated

Reactivation of the Mission Terrace Improvement Club at a recent meeting was termed "successful" this week by John Johnston, one of the new club's organizers, and a meeting was set for 8 p. m. April 12 to further plans.

Boundary lines restricting membership were voted as follows:

Ocean avenue and San Jose to Onondaga avenue, north side to Alemany boulevard, west side of Alemany to Cotter street, south side of Cotter to San Jose avenue, to east side of railroad tracks, to Haverlock street, down to San Jose avenue and on to Ocean.

By-laws and other basic details of the organization will be worked out at the April 12 meeting.

OFF THE BLOTTER - - -

Home and traffic accidents in Daly City this week resulted in severe injury to a small boy and varying degrees of damage to property.

Nine-year-old Donald Parshall, 574 Evergreen street, was taken to Junipero Serra hospital with a broken leg last Friday when he fell, while playing at his home.

John A. Eason, 924 Hanover street, told police his car was slightly damaged Monday in an accident with an unidentified automobile on Templeton avenue. The other car, Eason said, was traveling at a high rate of speed and must also have been damaged in the collision.

Slight property damage resulted Saturday from an accident at San Pedro road and Reiner in Colma. Drivers were Ross J. Reherd, Colma, and Harold Herman, San Francisco.

Leroy Middagh, driver for the Hilltop Cab company, couldn't catch his taxi when he saw it rolling down Hillcrest drive from its temporary parking place at the top of the hill. As a result, the car crashed into the residence at 35 Hillcrest drive, damaging the fence, the front steps and the water pipe.

A car driven by Lewis Jones of San Francisco was badly damaged last week when it plowed into a pile of lumber standing opposite Werner avenue on School street. The lumber was the property of the Huber Corstruction company.

Fire Companies 1, 2 and 6 responded last Saturday to a call from 6815 Mission street, and extinguished flames which were devouring an automobile parked outside the residence.

Peter Lucia, 281 Niantic avenue, told police Monday that a large store of baseball equipment, including bats, balls and mits, had been stolen from his home. Entrance apparently was gained through a basement window.

A black purse containing approximately $100 in currency was reported stolen from a dresser drawer in the George E. Swarthout home at 9 Partridge lane last Friday. The occupant told police both doors had been unlocked.

Court St. Mary Plans Two Months' Activities

At the last meeting of Court Mary No. 1155, Catholic Daughters of America, Grand Regent Jeanette Lacchine made the announcements of activities in the near future:

April 12, a joint initiation with Court St. Francis, in San Francisco.

A social is being planned Chairman Valette Ennis for meeting of April 15.

A large whist to be held May in Masonic Hall, Daly City.

The annual communion day the court members on May 16. large contest to be held June offering prizes of a beauty ch and a large assortment of h made articles from the sew club.

Nebraska Visitors At Markovich Home

Visitors in Daly City this w are Mr. and Mrs. Lloyd Reine of Schuyler, Nebraska, parents Mrs. Peter J. Markovich.

The Reineckes and Markovi returned Monday from a leisur week end at the fashionable s mer ranch home of the local surance broker's uncle, Fr Heggblade, in Auburn.

Mr. and Mrs. Reinecke will main at the Knowles avenue h of their son-in-law and daugh for a brief visit, before return to the mid-west.

Health Institute Studies Dental Problems In Schools

Mrs. Sylvia Eastham, elementary school nurse, and three Parent Teacher Association health chairmen attended an institute on health education April 2 in San Mateo.

The three local delegates were Mrs. Lois Adami, of Woodrow Wilson; Mrs. Dolly Gensil, of General Pershing, and Mrs. Ann Ingersoll, of Crocker. The institute was held under the direction of the 17th district, C.C.P.T. health section.

Principal topic of discussion, the women report, was the need for dental services to school children whose parents are unable to pay for private care, yet are not eligible for the county dental program.

The group concluded that more study is required to determine the type of program most feasible to fill the need.

Mrs. Raymond Scott, representative of the state congress, expressed hope that California schools would eventually include a well-integrated program of hygiene for all grades.

Notice of Guardian's Sale of Real Estate At Private Sale

No. 12918

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA, IN AND FOR THE COUNTY OF SAN MATEO

In the Matter of the Guardianship of the Person and Estate of KATHLEEN KEENEY WALKER, a Minor

NOTICE OF GUARDIAN'S SALE OF REAL ESTATE AT PRIVATE SALE

Notice is hereby given that MARJORIE CUTTEN ROCHE, formerly known as MARJORIE CUTTEN WALKER, guardian of the person and estate of KATHLEEN KEENEY WALKER, a minor, will sell at private sale to the highest bidder, upon the terms and conditions hereinafter mentioned, and subject to confirmation by the above entitled Superior Court, on or after the 17th day of April, 1948, the following described real property belonging to the estate of said minor, which is an undivided one-half interest in and to the real property hereinafter described.

All that real property in the City of San Mateo, County of San Mateo, State of California, described as follows:

Portion of Lot numbered seventeen (17) as shown on that certain map entitled "Map of Hillsborough Acres Situated in the City of San Mateo, San Mateo County, California" which map was filed in the office of the County Recorder of San Mateo County on December 6, 1912 in Book 8 of Maps at page 35, more particularly described as:

BEGINNING at a point on the Southerly line of Fulton Road (now known as Bromfield Road) from which the point of intersection of the Southerly line of said Fulton Road (now known as Bromfield Road) and the Westerly line of Bromfield Road (now known as Fulton Road), as said roads appear on the map above referred to, bears North 61° 06' East 141.90 feet; running thence from said point of beginning, South 29° 54' East 87.20 feet; thence South 60° 06' West 145.03 feet to the Westerly line of Lot 17 above referred to; being the Northeasterly line of that certain strip of land 10 feet wide conveyed to the Town of Hillsborough for the widening of Hillsborough Boulevard by Deed from Anglo-California Trust Company, a corporation of The Town of Hillsborough, a body politic and corporate, dated March 5, 1927 and recorded March 7, 1927 in Book 285 of Official Records at page 179, Records of San Mateo County; thence North 29° 54' West along said line 89.82 feet, more or less to the Southerly line of Fulton Road (now known as Bromfield Road); thence North 61° 06' East along the Southerly line of Fulton Road (now known as Bromfield Road), 145.03 feet to the point of beginning.

Terms and Conditions of Sale: Cash in lawful money of the United States of America, 10% (ten percent) of the purchase price to be deposited with bid. Balance on confirmation of sale by the Court. Deed and policy of title insurance at the expense of the purchaser. Taxes and insurance if any, to be prorated as of date of delivery of deed.

All bids or offers must be in writing and may be delivered to the office of H. O. MUNDHENK, Attorney for said guardian at 315 Montgomery Street, San Francisco, California, or may be delivered to said guardian personally, or may be filed at the office of the Clerk of the above entitled Court, at any time after the first publication of this notice and before the making of the sale.

Dated: April 1, 1948.

Tivoli Theatre Reopening Brings Capacity Crowds

With the opening of Ray Spencer's production of "Deep Are the Roots" at the Tivoli Theatre last week, the tradition encrusted Eddy Street playhouse once more took its place as one of the city's leading legitimate theatres.

It seems most fitting that the Tivoli should be reopened by a West Coast producer whose presentation of a famous Broadway success was compared favorably with the original by no less an authority than Wood Soanes, of the Oakland Tribune, who joined his San Francisco confreres in the general acclaim which greeted the first night performance.

John Hobart, of the Chronicle predicted that "Deep Are the Roots" 'is destined for a rousing and well-deserved success'," while Fred Johnson, of the Call-Bulletin said that the d'Usseau-Gow drama "is exceptional theatre and deserving of a long run at the refurbished Tivoli Theatre." Kevin Wallace, of the Examiner, welcomed the opening with the following: "At long last there is first rate theatre on Eddy street again. The Tivoli has come back to life with fresh paint, new accoustics and Ray Spencer's thoughtful, dignified and moving production." Emilia Hodel, of the News, reported that "It is seldom that one hears bravos and whistles at the final curtain of a drama, but the Tivoli rang with both last night during 10 curtain calls for the cast of "Deep Are the Roots."

Encouraged by the praise that is being showered upon his production, and a very busy box office, producer Ray Spencer has announced that he is placing seats on sale four weeks ahead.

Assure Fair Break

The machine age which emancipated the horse protects him at play. The starting gates at race tracks are controlled by electricity to insure a fair "break" for each horse.

MARRIED Gloria Coleman Changes Name To Mrs. Bill Chalmers

Evening nuptials last Friday in Our Lady of Perpetual Help Church saw the joining of two popular members of Daly City's young set.

Miss Gloria Marie Coleman, daughter of Mrs. Laura Coleman and the late fire commissioner, John A. Coleman, gave her hand into the keeping of William Chalmers. The informal ceremony was presided over by the Rev. Adrian McKenna at 7 p. m.

Wearing chocolate brown accessories with her white dress suit, and a corsage of gardenias at her shoulder, the bride was escorted down the aisle by her brother, John K. Coleman, who also performed the duties of best man. Maid of honor was Miss Dorothy Leahy, who chose a grey suit with blue accessories for the occasion.

Mrs. Coleman received a small group of close friends and family at the evening wedding reception in her Crocker avenue home.

After a brief honeymoon at an undisclosed location, the justweds will make their home with Gloria's mother.

A recent graduate of Jefferson High School, the young Mrs. Chalmers received her elementary schooling at Our Lady of Perpetual Help. The benedict, an alumnus of Mission High School in San Francisco, spent the war years in service with the merchant marine. His parents are Mr. and Mrs. C. G. Chalmers of 444 Westlake avenue.

Eagles Auxiliary Initiation April 18

Deadline for charter membership in the newly formed auxiliary to the Colma - Vista Grande Aerie of Eagles is fast approaching, according to announcement this week by Mrs. Dora Black, organizer.

Registration will close April 17, she said, in time for class initiation and installation April 18. To date, more than 130 members are listed, and 20 more are expected before deadline.

Membership in the new organization even now constitutes the largest Eagles auxiliary in the bay area, and predicts a record high in auxiliary activity.

Election of the first administrators also is scheduled for the April 18 meeting.

Wives, sisters, daughters and grandmothers of local Eagles may register by phoning Mrs. Black at DElaware 3-0625.

Jeff Hi P.T.A. Selects Delegates To District Meet

The executive board of Jefferson Union High School P.T.A. met at the home of Mrs. Betty Kohlbrenner, 463 Evergreen avenue, last Thursday.

Co-hostesses Mrs. Mary Wakefield and Mrs. Vivian Pahlka assisted Mrs. Kohlbrenner with the serving of luncheon, after which a short business meeting was conducted by Mrs. Eve Hobbs, president. Delegates and alternates were selected to attend the district meeting at Redwood City. Letters of thanks were read from the Heart Clinic and the Tuberculosis Society for the gifts of $20 each presented by Mrs. Edith Ferguson to these organizations.

The general meeting will be held April 8 at 1:30 p. m. in the Little theatre of the high school. Election of officers will take place.

NEWS FROM THE SCHOOLS

WOODROW WILSON

The students of the seventh and eighth grades are interested in the origin of the first marathon. Today we talk about marathon races and dances, but a Greek runner named Pheidippides ran the first marathon. When the Athenians heard of the coming of the Persians they sent Pheidippides to Sparta to ask for help. It was 26 miles between the cities of Athens and Sparta. He ran all the way, but the Spartans refused to help, and he returned to Athens. The Persians were defeated at Battle of Marathon and again Pheidippides ran to Sparta to tell of the victory. This time he was just able to gasp "Victory" before he dropped dead. Even today a long race is called a marathon.

The students of the high sixth and low seventh gardes are studying about the products of the Philippine Islands. They were very interested in learning how copra is made from cocoanut and how hemp is made from the leaf of the abaca plant.

The fifth grade boys and girls are very busy learning long division. Some of them are working with one number divisors. Checking the problems by multiplying the quotient by the divsion is sure proof of a correct quotient, if the product is the dividend.

The pupils of the high third grade have begun their new unit which is coffee. They have learned that coffee grows in the Americas and it likes hot weather, hilly land, and plenty of water.

The high fourth are making large posters of the products grown in Mexico. The henequin plant, bananas, cocoanuts, coffee, sugar cane, pineapple, chicle and the cacao bean are the most important products grown in this tropical climate.

The members of this class, high third, low fourth and high fourth, are drawing slides to rise in illustrating their unit. The high third is illustrating their Homes of California Indians, while the fourth graders are working on early California history, explorers and missions. The class members are learning the technique of drawing on the frosted glass. Pencil is used and colored pencils are used for coloring. Each person who makes a slide will write a story describing it.

CROCKER

Room 6

Betty and Jessie Miller have entered the low eighth grade from Pacific Heights School in San Francisco.

Carol Clarke spent Easter vacation at Carmel.

Room 2

Robert Bridges, low fifth, saw the operetta "Oklahoma" at the Curran Theater.

Room 3

We are now embarking upon a make-believe trip to South America. The ship is called the U.S.S. Carlet Queen. We shall probably spend six weeks in South America, starting at Columbia and moving south. We have already studied and enjoyed Central America, and look with anticipation towards South America.

Room 4

The following pupils spent some of their vacation out of town:

Heather Bridges and Robert Portorian in Santa Cruz; Joel Cerrito in Lake county; Alfred Perry in San Geronimo; Lois Pera in Morgan Hill; Joy Logan in San Jose; Walter Camozzi in Manteca, and Alberta Perro in Redwood City.

JEFFERSON

Kindergarten

The kindergarten has started work on a Mother Goose picture for a wall hanging. They have been enjoying their music by dramatizing songs.

First Grade News

An activity program correlated with the social studies unit, "Pets," was given in the first grade this week. Attractive pictures of pets were discussed by the pupils. Some were posted in their pet books. Those having the best collection of pictures were Jackie Kelleher, Sandra Hazen, Sandra Shaughnessy, Adolph Heinzle and others.

The children in the low second grade are making spelling books.

They are using colored paper for the covers and are making many interesting and original designs on them.

High Second Grade

The high second grade welcomed two new pupils, Lorice Costello from San Francisco and Brenda Fae Boggus from Los Angeles, this week.

Fourth Grade

The story of our state is being studied by the fourth grade children. They are very interested in habits and customs of the Indians and are very busy writing stories and making illustrations.

The fourth grade welcomed a new pupil, John Hommes, who formerly attended Junipero Serra School, San Francisco, this week.

Third Grade

Diane Horowitz has moved to San Francisco. Her many third grade friends were sorry to say goodbye to her. She has attended Jefferson school since her first her first school days.

In her place the third grade welcomed Betsey Hommes from Junipero Serra School.

The children have been quite interested in making a large map of Colma.

A picture of each child's home has been placed in the proper location. This has proved quite valuable in helping the children learn the names of the streets in Colma.

San Mateo Jaysee News Column

Some sixty student officers from northern California junior colleges will attend a conference at San Mateo Junior College this Friday. Jack Swaryck, vice president of the Northern California Junior College Association and former student body president at San Mateo jaysee, will be in charge of the arrangements and the program. Discussion of student officers' problems will be an important part of the conference. Fourteen junior colleges will be represented.

This Friday evening, the Associated Women Students of the junior college will be in charge of a semi-formal dance at the Hotel St. Francis in the City. Jack Fisher's band will play. The staff of the college yearbook is sponsoring a queen contest at the dance, and twenty candidates will be considered by the judges.

"Pueblo Indians of the Southwest" will be the subject of a lecture and color films at the college Monday evening, April 12, when the Community Hall presents Ernest Hunt, Stanford faculty member and explorer. The program, starting at 7:30 in the auditorium, is open to the public without charge.

This Saturday the college track squad faces the University of California freshman trackmen on the university track. Coach Dell Fishback's squad has been rained out of several meets recently.

Steady work on the term play, "State of the Union," is in progress. The cast and stage crew are working steadily preparing for the production April 22, 23, and 24.

Spring blossoms for decorations added a festive air at the recent meeting of the San Mateo Junior College Patrons Association at the Coyote Point campus. Mrs. Chester's adult class in costume design presented a fashion show, modelling clothes and hats they had designed and made in the class. Thirty models took part in the show displaying dresses, suits, hats and hand bags each had made. They gave the approximate cost of the article and the kind of material used in developing the design. Mrs. C. T. Coel was the commentater and Mrs. Andrew K. Irving furnished incidental music.

Jack Thompson, president of the student body gave an interesting outline of student government at the college and a plea for more interest by both parents and students in the affairs of the school. Ann Dunbar, president of the Associated Women Students, told of the women's activities and events planned for the spring. Lee Zion, president of the women's athletic association, gave a schedule of tournaments and athletic events for the remainder of the year and invited parents participation in it.

The next meeting of the Patrons Association will be an evening meeting with a dinner for members and their families and other friends of the college. This dinner meeting will be held on May 6 at Matson Hall. Following dinner, a very interesting program, with members of the faculty taking part, has been planned. Cards will be sent out to members asking them to make dinner reservations.

5 reasons WHY YOU SHOULD HAVE A CHECKING ACCOUNT AT BANK OF AMERICA

1 YOUR MONEY IS SAFE You avoid the danger of loss or theft.

2 IT SAVES YOU TIME A few minutes spent writing checks and your bills are paid.

3 PROOF OF PAYMENT Each cancelled check is proof of payment.

4 CONVENIENCE If you are ill or busy, you still can pay your bills without delay.

5 ACCURATE ACCOUNTING Check stubs show your balance—an easy way to keep track of your money.

SMOKE SIGNALS

By Carolyn Bucher

There was a great deal of confusion around Jeff with the last edition of the Totem Pole. It seemed that the students were requesting more homework, the teachers were refusing to give them more, famous guest stars were going to appear in assembly, and the entire school was experiencing a complete reverse of order. The cause for this turnabout was none other than the April Fool's edition of the Totem Pole.

Many members of the California Scholarship Federation at Jeff were fortunate recently to have seen the musical stage comedy 'Oklahoma.' Those girls who attended were Barbara Biagini, Doris Varni, Beverley Stein, Louise and Laura Chessman, Dorothy Olcese and Leola Huber. Miss Henry, the CSF advisor, accompanied the group.

The J.A.C. (Jefferson Art Club) has been very active this semester. Club pins were received on March 30, and on April 5 the initiation of new members took place.

On Monday, April 5, the halls and classrooms of Jeff looked very much like they were being invaded by creatures from another planet. The explanation for this was the Art Club initiation. All new members in the J.A.C. were required to wear some outlandish costume and hairdo to school for that entire day. These girls have withstood the test and are now accepted members of the art club: Myrna Ihrie, Barbara Greenwood, Flo Hannah, Marilyn McCellen, Dolores Valentino, Barbara Sommers, Jean Carrigan and Alice Hammond.

At its last meeting, the Jefferson Union High School executive board discussed the possibility of having an all year round student body card, instead of the usual two cards a year.

One of the most beautiful displays of Latin art is now on exhibit in the main hall at Jeff. Famous art reproductions by old masters such as Murillo and Goya, and the works of contemporary artists, along with newspapers and magazines in the Spanish tongue adorn the main hall.

In order to allow more time for preparation, the Aquacade has been postponed until May 26, 27 and 28. Roy Devincenzi, an alumnus of Jeff, is in charge of sets and costumes. He has recently chosen twelve students who will act as show girls, adorning the decks of the pool in beautiful costumes. After school swim practices and dancing for the Aquacade are still going on in full swing.

The second season for basketball has been completed, and these girls have met their requirements and have received twenty-five points for this after school sport: Lois Anderson, Barbara Biagini, Helen Burazza, Bobbie Carroll, Laura and Louise Chessman, Carol Donaldson, Teresa Ferrari, Rita Fleming, Dorothy Foley, Dolores Garcia, Dianne Hale, Gloria Massoni, Mary Massoni, Dorothy Olcese, Lindy Rivera, Barbara Saumer, and Doris Varni. Members of the Girls' Peninsula Athletic League received so many points for each after school sport they participate in.

Marine Reserves To Have Mock Beachhead Attack

Reserves hitting the beach will be featured by the 12th Infantry Battalion, USMCR, at Coronado by the Sea, during that outfit's summer training period, according to an unofficial source.

It is expected that the battalion will spend three days aboard a Navy APA (attack transport), culminating in a mock assault on the beach. There is a possibility that the local Marines, who entrain for Coronado on July 4 next, will return home by sea, with the transport steaming through the Golden Gate some two weeks later.

A high percentage of the personnel will experience their first taste of shipboard life and their initial, but peaceful, beachhead. For others, the operation will be but the polishing up of an old, familiar task.

This summer's training period will span the two weeks of July 4-18. The battalion is a composite of recruits and veterans of all services. A number of the new men participated in the summer encampment last year at Camp Pendleton.

While recruiting is officially closed at the present time, the 12th Infantry Battalion will accept men for its waiting list. Recruits receive a full issue of clothing, including both dress and field shoes, winter service greens, and summer service khaki complete with the new type summer service blouse.

Eva Irene Cave

Eva Irene Cave, 45, of 231 Knowles avenue, died March 30 at Community Hospital after an illness of several years' duration.

A native of Leningrad, Russia, Mrs. Cave is survived by her husband, Arthur B. Cave.

Funeral services were held last Thursday from the chapel of W. C. Lasswell Mortuary. Inurnment was at Olivet Memorial Park.

RICHARD J. DOLWIG SEEKS RE-ELECTION TO LEGISLATURE

Assemblyman Richard J. Dolwig, San Mateo county's legislator, returned recently from the budget session at Sacramento.

Statewide recognition was accorded the San Mateo county legislator for his strong stand in urging tax reductions during the recent budget session. Dolwig took a firm stand on tax reductions during the recent budget session, his first as San Mateo county's assemblyman.

Legislation that received strong support and favorable votes from Dolwig included bills that provided continuation of the Child Care Centers and appropriation of $50,000,000 (fifty million dollars) for distressed school districts.

Dolwig seeks reelection this year. He has filed on both the Democratic and Republican ballot.

He was first elected to the legislature in 1946. To gain the county legislative position he defeated three candidates.

San Bruno Council Supports Workers In Housing Plea

Telegrams appealing for intervention in the threatened eviction of 128 airport workers from their dormitory on San Francisco municipal airport grounds have been sent to Congressman Jack Z. Anderson and the national housing administration offices in Washington, D. C., and San Francisco by the San Bruno City Council.

The airport residents, 115 of them veterans, have protested eviction which was served with the statement that "there are plenty of accommodations in the city of San Bruno to house the men."

San Bruno city officials, before sending the telegrams, requested home owners in the city to list all available housing with clerks at the city hall, to determine just how many rooms were available for the airport workers.

Another motion seeking withdrawal of the eviction notices was made by the 115 veterans, who signed a petition directed to E. Stanton Foster, director of housing and home financing for the housing authority, protesting the dormitory closing order.

An accompanying letter signed by R. E. Bradley, disabled Marine veteran living in the dormitory, states that housing in San Bruno is not adequate as a substitute; that most of the workers do "dirty" jobs at odd hours, requiring showers as soon as they get off, and that home owners would object to roomers returning home at 4 a. m. and bathing and moving about at that hour.

He also stated that closing of the dormitory would force many workers to move to scattered parts of the bay area, making housing and transportation costs prohibitive.

It was reported last week by officials of the NHA that the eviction orders were issued under pressure from landlords.

Only Four More Days To File For Fireman Exam

There are just four more days to file your application with the city clerk so you will be eligible to take a civil service examination for the position of fireman in Daly City.

The male citizens of Daly City have responded well in filing their applications, but more men are needed.

Here is an opportunity many of you have been waiting for. Some of you make good sidewalk chiefs, but here is a chance for you to get into the fire department and fight fire at close range.

The Civil Service Commission of Daly City received a request a short time ago from Chief Kennedy for more men to fill vacancies in the department, but the commission was unable to supply men because the eligibility list had been exhausted.

The commission will hold examination very soon after April 15, which is the deadline for all applications to be on file with the city clerk.

There are many advantages you can and will enjoy as a fireman in the Daly City Fire Department.

"Green Dolphin Street" Showing At Crest Theatre

"Green Dolphin Street," MGM's swashbuckling adventure yarn which presents Lana Turner, Van Heflin and Zachary Scott in the dramatic picturization of Elizabeth Goudge's prize winning novel is currently enjoying its first Daly City and outer-Mission District showing at the New Crest Theater.

Background of the fiery romance is set in St. Pierre, colorful Channel Island seaport of the 1840's, and rugged New Zealand.

The picture contains everything in the way of spectacular entertainment, including breathtaking realistic scenes of an earthquake, the floundering and sinking of a magnificent Clipper ship, and a blood-curdling uprising of the dangerous New Zealand Maoris.

Augmenting "Green Dolphin Street" on the program will be a selected surrounding program of short subjects.

Silicani Arraigned On Theft Count

Robert Silicani, 21-year-old Daly City youth re-arrested two weeks ago for violation of parole, was bound over to superior court last Friday after arraignment on an additional count.

Silicani was arraigned before Municipal Judge William J. Sweeney on a charge of burglarizing the Lake Merced Golf Club office.

Five-Month-Old Dies In Hospital

Mark William Wallace, five-month-old son of Mr. and Mrs. William Robert Wallace, was buried at Holy Cross cemetery Tuesday after mass at Our Lady of Perpetual Help Church.

The baby, born October 27, 1947, died suddenly at St. Luke's Hospital April 3.

Funeral arrangements were handled by W. C. Lasswell and Co. Mortuary.

Preference Points Allowed Veterans In Civil Service

Veterans and widows of veterans claiming ten points preference in open state civil service examinations being held within the next thirty days should file applications immediately on the new forms issued recently by the State Department of Veterans Affairs.

Floyd D. Granger, Veterans Service Officer, said today the new forms when approved provide permanent preference of ten points for non-disabled veterans and widows of veterans. A widow loses preference if she remarries. Disabled veterans must make applications for their fifteen points preference prior to each examination.

Granger said veterans not interested in current examinations may file preference applications later, any time before the date of the examination they wish to take.

The new application forms for veterans preference may be obtained at the county service office located at the courthouse in Redwood City.

The former system required a separate application for preference be filed in connection with each state civil service examination. Disabled veterans must have a current disability rating of 10 per cent or more, as determined by the U.S. Veterans Administration, to be eligible fo rthe extra five points.

55 Traffic Fines In Muni Court

A total of 55 fines for traffic violations was collected in Daly City traffic court during the two weeks ending last Friday.

At the head of the list of violations was speeding, for which 24 fines were levied. Various parking violations brought 16 fines, and signal or arterial violations brought 15.

Those cited for improper parking were Ray Anderson, U. H. Branson, Sam Cancilla, Leo Capitano, Warren Emerson, Max Hauer, Frank Holmgren, Henry Irving, J. L. Krentz, P. J. McKaskel, Renato Puccini, Samuel Rosenberg, Emile Simontalchi, Curtis Owensby, Richard Farrell and James Stracuzi.

Speeding citations brought fines from Frank Voun, James Bennett, Armando Carnini, Ronald Covill, Mary DeMaria, Wallace Duncan, Edward Gillespie, Irving Gordon, Steven Handie jr., Florence Herbert, Frederick Hirschler, George Mollett, Leroy Marsh jr., James Martin, Emil Perich, Arnold Sanford, A. Sardi, Raymond Schlief, Joseph Stofan, James Tiffany, Leo Turriciano, Rudolph Uribe, William Olsen and Gene Whitsett.

Fines for signal and arterial violations and other driving offenses were collected from Joel Barber, Tony Ducca, Robert Francesconi, Lillian Hall, Elon Hildreth, Wallace Kimes, John Monian, Glenn McCurdy, Harry Porter, Richard Roberts, Grayson Voeth, John McLeod, Ott Balser, Bernard Hansen and Roy Upchurch.

Airport Workers Face Eviction From Dormitory

One hundred and twenty-eight airport workers—115 of them veterans — face eviction from their quarters on the San Francisco Airport grounds by July 1, according to announcement last week by the Public Housing Administration in San Francisco.

The workers, who have been residing in a dormitory building on airport premises, were told, in their eviction notices, that "there is plenty of private housing in San Bruno to quarter the dormitory tenants."

The bulk of the men are employed by United and Pan American World Airways, but others work with Southwest, Trans World Airways and Western Air Lines.

The dormitory is the only low cost housing unit on the Peninsula available to air line workers. Rates are $4 per week for double room residents, and $6 for single.

Deadly Salt

Barium carbonate in precipitated form is an odorless and tasteless salt, very slow in its killing action. It is deadly poison to all animals.

O.L.P.H. Monthly Whist Game Set April 16

The monthly whist party sponsored by the parish of Our Lady of Perpetual Help Church is scheduled for 8:30 p. m. April 16 in the school auditorium.

Refreshments will be served and prizes awarded.

Bill Whalen, entertainment chairman, will take his usual place in charge of games. These parishioners will serve on the arrangements committee:

Mesdames F. X. Lehner, William Lewis, George Lombard, Joe Lewkowitz, A. Logue, F. Lamendola, A. Liberti, F. Kemnitz, J. Korhummel, R. Lufrano, A. Kohmann and A. Lucier.

Son Born To Joe Lynches; Dr. Lynch Now In Santa Cruz

Word was received here this week of the birth of a new son to Mr. and Mrs. Joe C. Lynch of South San Francisco.

Timothy Patrick is the name of the sprightly youth who weighed six and one-half pounds at birth, March 30. His parents are the former Virginia McGovern, daughter of Dr. J. C. McGovern, local dentist, and Joe Lynch, son of Dr. William C. Lynch, former Daly City physician.

Dr. and Mrs. Lynch, who moved to Aptos after the doctor gave up his practice in Daly City, have sent greetings to their many friends and former patients here. Retired from active private practice, Dr. Lynch is carrying on a limited practice in the little town near Santa Cruz.

Should the occasion arise, the doctor said, he may reopen his office here sometime in the future.

Appalachians Oldest

The Appalachians of North Carolina comprise the oldest mass of mountains in America which have never been submerged or subjected to glacier erosion.

New Parking Lot For Marchbank

Newest project of the Daly City street department, according to Edward J. Dennis, chairman, is the provision of an 80-car parking lot for Marchbank Park.

Work on the project already has been started, Dennis said. The department is currently engaged in burning the weeds off the long strip to the west of the park, next to the railroad tracks, in preparation for leveling and graveling.

The 40-foot pit at the northwest corner of the park, in which rubbish is being burned, will be filled in and graveled for a circular lot and U-turn drive.

R. E. Classen, city engineer, mapped the plan.

Alfred Johnson

Funeral services were conducted Monday from the chapel of W. C. Lasswell Mortuary for Oscar Alfred Johnson, 66, who died last Friday at his home, 216 Winchester street.

Johnson was pronounced dead by Dr. J. L. Doyle, after police were summoned to his aid by a phone call from his wife. A member of the International Longshoremen and Warehousemen's Union, Local 10, Johnson is survived by his wife; by a sister, Sister Johnson, and Hugo and Gretta Johanson of Sweden, and by a niece, Elsie Johnson, and a nephew, Kenneth Johanson.

Interment was at Cypress Lawn.

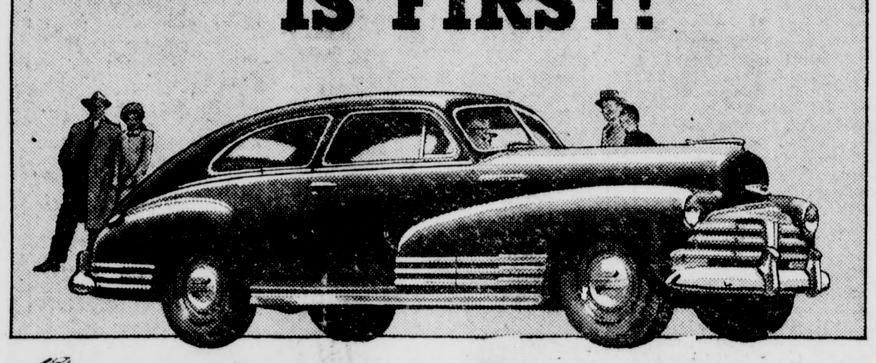
"Talk about VALUE," says America
"CHEVROLET
and ONLY Chevrolet
IS FIRST!"



You'll get much better performance with economy from Chevrolet's world's champion Valve-in-Head engine. It has the finest record of dependability of any automotive power plant! And Valve-in-Head engines are exclusive to Chevrolet and more expensive automobiles.

You'll find that new front-end styling—new colors—new and even more luxurious interiors add still further to the Big-Car beauty of Chevrolet's Bodies by Fisher. They're the world's *finest* bodies, found only on Chevrolet and higher-priced cars.

Yes, from one end of the country to the other, public enthusiasm for the new 1948 Chevrolet points to a great public conviction that CHEVROLET AND ONLY CHEVROLET IS FIRST in *all-round value* as in popularity. More people drive Chevrolets, according to official nationwide registrations and more people want Chevrolets, according to seven independent nationwide surveys than any other make of car. Your own judgment will tell you that this is because Chevrolet gives more value . . . because it alone offers BIG-CAR QUALITY AT LOWEST COST!

You and your family will have Big-Car safety, too. For Chevrolet brings you the *three-fold* protection of Fisher Unisteel body-construction, the Knee-Action Ride, and Positive-Action Hydraulic Brakes—another combination of features found only in Chevrolet and more costly cars.

As you know, public demand for new 1948 Chevrolets is at the highest level in all Chevrolet history. For that reason, we urge you to keep your present car in good running condition, pending delivery of your new Chevrolet. Come in, get skilled, dependable service, now and at regular intervals.

SPORTS

By Ralph Capps

Colma B.C.—Sportsmen Playoff Thursday Night?

As the Jefferson basketball league goes into its final thrilling week, after a week's layoff, the question is still "Who will be the champs?" The answer should be one of three: Union Liquors, Colma Boys Club, or the Sportsmen. There are many "ifs" and "buts" standing between that question and its answer, though the answer is but one week away. More about that later; now for the dope of last Thursday and Tuesday nights.

Thursday night, due to a mixup in information, the Eagles were, in accordance with the league rules, forced to forfeit to Union Liquors because they did not have five men on the court at 7:20. They did play a short game a little later, however, and it was quite close. That goes down in the books as a 1 to 0 win for Union Liquors. This was a good break for Union Liquors as they cannot afford to lose a game, and the Eagles might well have been their Waterloo."

The closing game matched the hapless Army Hilltoppers with Visitacion Valley C.C., and was a very close game. Visitacion finally ended with the most points as it seems that it just isn't in the cards for the Hilltoppers to win. Mullins scored 14 of the Valley's 43 points, and Haskings scored 17 of the Army's 39. The Army boys have only one more chance to break into the win column, that being when they play San Bruno A.C. in each team's last encounter.

Tuesday night San Bruno's two teams met in a rival battle that ended 33 to 16 in favor of the Athletic club. Howard Huber of the A.C. led the scoring with 8 points and Tommy Jow, the Japanese flash, led the Lions with 7. Though onesided, the battle was entertaining because each man played as if it meant life or death to him.

On the same night the Sportsmen edged by the rejuvenated Warehousemen's C.S.O. by a 48-54 score. The see-saw affair looked for a long while as if the Union might upset the Sportsmen, but in the closing minutes the Sportsmen came through. High scoring Joe Dillon scored 17 for high point honors. Grano scored 14 for the losers.

Nothing very drastic happened last week, but don't miss a game next week, the final two nights, as each one will mean drastic changes in the final league standing.

On Tuesday the rather weak San Bruno Lions, featuring a 6 foot 9½ inch center, a "little" 6 foot 4 inch guard, and two fast little Japanese forwards, meets the flashy Sportsmen at 7:20, followed by a do-or-die game between Union Liquor and Colma B.C. to decide who will be in the playoff. Each team is tied with the Sportsmen for first place, and assuming that the Sports win the opener, the winner will meet the Sportsmen—"if" the strong Alex Johnson Roofing Co. team doesn't defeat Union Liquor as this paper goes to press. If the Roofers should drop Union Liquor then the victor would play the Sportsmen only in the event that Colma B.C. were the winners; otherwise the Sportsmen would be declared the champions without dispute. Rather complicated, isn't it? Well, come down Tuesday night and see it all ironed out.

Don't miss Thursday night's games, for no doubt this will be the best, certainly the most important program of the whole league. The opener will be Visitacion Valley Community Center vs. the Daly City Eagles at 7:20. The 8:30 game will be the climax to twelve weeks, 1,800 minutes of basketball, the one game playoff for the league championship. Incidentally, Richard Archie, the official scorer, informs me that Tom Dillon of the Sportsmen, Bob Savelly of the Colma Boys Club, and Murry of Union Liquors, are leading the league in individual high scoring. Dillon has 92 points in eight games for an average of 11.5 points per game; Savelly, 86 in eight games, 10.7 average; and Murry, 76 in seven games for 10.8 average.

See them all battle it out in their final official league games Tuesday night.

Lions And Ladies Hear Talk, See Films On Accident Prevention

Sergeant E. J. Moody, of the traffic accident bureau, San Francisco Police Department, was guest speaker yesterday at the Lions Club luncheon at Estrada's.

Moody spoke on traffic accidents, their causes and results, and showed films on the subject.

Wives of the members present for the Ladies Day celebration, were presented with gardenia corsages. Walter Lehigh was program chairman.

Congressman Jack Z. Anderson will be speaker at the May 19 evening meeting.

Electric Heaters

The sale of electric water heaters in American homes has passed the first million, a recent survey reveals. The number of dwellings with electric water heaters has risen from approximately 35,000 in 1935 to the survey figure of 1,149,000 which covered sales up to the end of 1945.

Overestimate Coins

Dr. Jerome S. Bruner of Harvard university finds that children see coins bigger than they are. His subjects were 10-year-olds who had to adjust a variable circle to the sizes of different coins placed near it. The bigger the coin the more the children overestimated its size. Poor children saw the coins bigger than the rich and both groups overestimated the sizes. When disks were used instead of cards, only small random and constant errors were made. When no coins were used and the children worked from memory, the sizes were again overestimated, with the rich children making the circles markedly larger. Poorer children overestimated the size more when real coins were used.

Shorten Hauls

The average haul of freight in July, 1946, was 420 miles compared with 473 miles in 1944.

Agriculture Dept. Warns Against Fertilizer Fraud

The Bureau of Chemistry, California Department of Agriculture, today issued a warning to prospective purchasers of "fertilizer," manure or peat, such as might be applied in the spring to freshen up lawns or gardens. One purchaser paid $127 for lawn material not worth more than $3.

A gang misrepresenting garden fertilizers has been operating in the southern part of the State, Allen B. Lemmon, chief of the Bureau of Chemistry stated. The men are part of a well-organized ring being investigated by the Department for the past four or fixe months.

"This isn't petty larceny," Lemmon explained. "They are well-organized and are making big money selling the stuff."

Not all itinerant fertilizer peddlers are engaging in fraud, Lemmon emphasized, but he added the Bureau has received so many complaints from several parts of the state that the warning is justified. Most of the complaints come from irritated housewives who purchase materials from door-to-door venders only to find too late that they have paid at a high rate for mixtures of sawdust, shavings, gravel or just plain soil.

Not only does the "phoney" mixture add nothing of value to the lawn or garden, Lemmon said, but the stones in the gravel are also a constant menace to lawn mowers.

When such fraud occurs, Lemmon advised victims to make a prompt report of the facts to the County Agricultural Commissioner in the locality where the sale occurred, or the report may be made directly to the Bureau of Chemistry offices in the State Department of Agriculture at Los Angeles, San Francisco, Visalia or Sacramento. In most recent cases, the victims obtain neither the name, address or other identifying data pertaining to the salesman committing the misdemeanor.

The California Agricultural Code forbids deliberate adulteration of manure offered for sale or sold and provides court penalties for convictions in which it is proved that fraud occurred in such transactions.

Lemmon explained that the materials in the sale of which fraud is often involved may be offered for sale by the ton, by the "sack" or by the cubic yard. If the material is sold by the ton, unscrupulous peddlers may increase the weight by adding sand or water.

"If a price is quoted at so much a sack or basket, the purchaser should make certain of the size of the container and count the number he receives," advises Lemmon. "Find out how much material is to be delivered for the price agreed upon before you accept the material, demand that the peddler show you his fertilizer salesman's license and when you see it write down his name, address and number of the license. Note the year that it was issued. If the license is not for the present year, do not make a deal. Preserve this information. If worthless material is delivered, or there is other fraud, then the Bureau has a better chance to apprehend the violator and prosecute him for violation of the California Agricultural Code."

Protein Varies

Protein is found in different forms in different foods. Meat is one of the most popular sources. We get animal protein from poultry, fish, eggs and milk and milk products too. Most plant foods contain some protein. We get good plant protein from such foods as cereals, dried beans and peas, from peanuts and soybeans. Animal protein is more complete than plant protein. That is, it comes nearer filling our needs for tissue building and repair. How much protein do we need? The National Research council's yardstick of good nutrition calls for about 70 grams of protein a day for a man; 60 grams for a woman.

New Job's Daughters Bethel Organized In Bay View District

A new Job's Daughter bethel for girls in the Bay View district now is being organized, according to announcement this week by Mrs. Leo A. Yerz, publicity chairman.

Organization meeting will be held April 21, Mrs. Yerz announced. Girls between the ages of 12 and 20 who are related to members of the Masonic order are eligible for membership.

Meetings will be held each first and third Wednesday of the month at the Masonic Hall, 4705 Third street. Information may be obtained from Mrs. Yerz, 2018 Oakdale avenue, San Francisco.

Irish-American Annual Grand Ball Slated April 24th

Thousands of Irish-American members and friends of northern California civic, fraternal and social organizations will take part in the festivities of the annual grand ball of the United Connaught Societies, Saturday evening, April 24, according to Past President Michael McDonagh. The dancing party will be given in Knights of the Red Branch auditorium, Mission street between Seventh and Eighth.

Officers and members of the Connaught Societies and their ladies' auxiliaries are conducting a volunteer ticket sale. Admission tickets will also be available the night of April 24, at the K.R.B. hall box-office.

The picturesque "sets" from the Emerald Isle, and latest versions of American light fantastic will vie for favor in the grand ball numbers.

BENEFIT Special Programs At Bay Meadows

Special clubhouse features will mark the spectacular Pan-American Day race program Wednesday, April 14, and Children's Hospital benefit Day Saturday, April 17, at Bay Meadows, the popular racing strip at San Mateo, General Manager William P. Kyne of the California Jockey Club has announced. Consuls of all Central and South American countries, heads of the Pan-American Society and leaders of their nationalist groups in California will attend the Pan-American Day thoroughbred races at Bay Meadows, Wednesday, April 14, and two special speed tests have been dedicated to the South and Central American visitors and organizations.

The traditional Children's Hospital benefit day's race-program, set for Saturday, April 17, at Bay Meadows, is expected to realize another tremendous return for the Hospital's building fund. The entire receipts of the advance sale of tickets now under way at many agencies in northern California, and all profits at Bay Meadows April 17 will go to the fund.

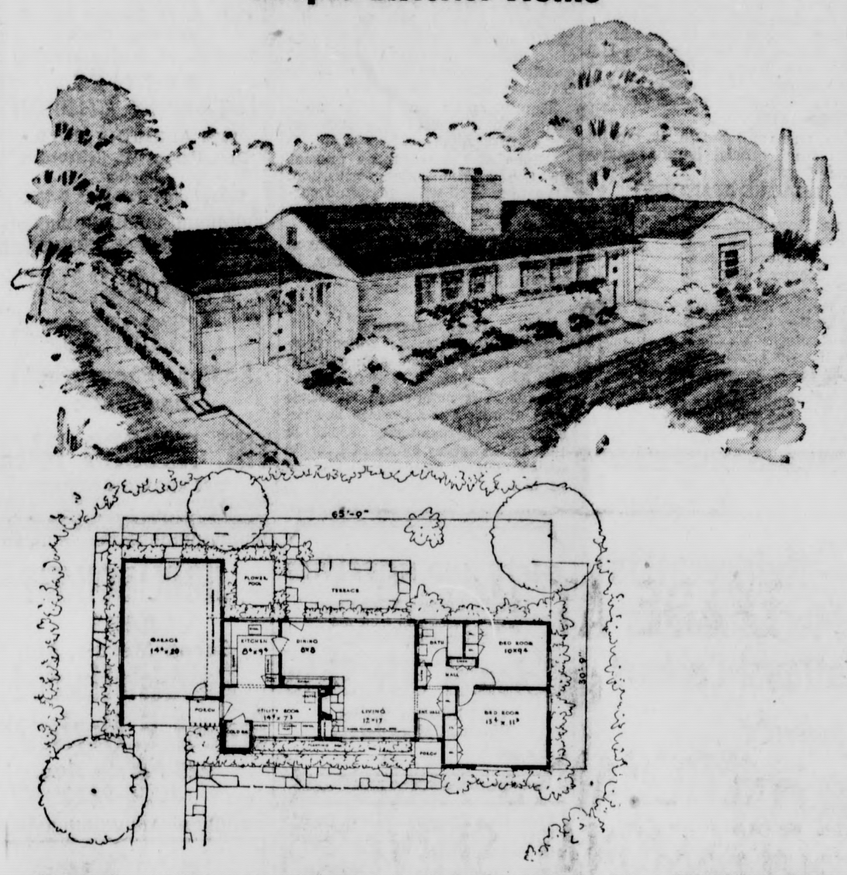
Shrinking Woolens

To shrink woolen material at home, dampen the cloth by rolling it in a damp sheet and letting stand overnight or until the wool is damp, then press it on the wrong side with a moderately hot iron under a dry press cloth. Do not press hard and slip the iron over the fabric as this will tend to cause the woolen fibers to mat. For a wide fabric folded in the middle, leave it doubled while dampening. After standing a few hours, reverse the roll so that both sides may dampen and shrink evenly before pressing.

Removing Fat

Often soup stock or gravy is too greasy and there is not time to cool it so the congealed fat can rise to the top. Wrap a couple of ice cubes in a small piece of cheesecloth and run over the top of the soup or gravy. The excess fat will collect on the cold surface of the cloth and thus can be removed easily.

Simple Exterior Home



The exterior of this home has been designed with simplicity. The long ledgerock faced flower box and low roof lines accent the horizontal feeling. A beautiful fireplace, built-in cabinets, book shelves and china-buffet are features of the L-shaped living-dining area. The compact kitchen and laundry arrangement provides free floor area for children's activities. The cold room could be an extra lavatory if desired. The house comprises 970 square feet, excluding garage.

Dwelling shown above is a photograph of a scale model of a "cut-out" home which can be obtained from House Beautiful Magazine for $2.00. The model is easily assembled, and gives the prospective home builder an actual model of the home he plans to build, complete with "cut-out" furniture.

By studying the scale model, the prospective builder is enabled to determine what changes he deems necessary before the house is actually built, thereby saving needless expense.

Blueprints and specifications of the dwelling shown above can be obtained for $5 per set by writing House Beautiful Magazine, 572 Madison Avenue, New York City 22, New York.

Native Sons And Daughters Make Appeal For Funds

Charles A. Koenig, president of the board of directors of the Native Sons and Native Daughters Adoption Agency, Inc. today announced that Governor Earl Warren had accepted honorary chairmanship of the intensive drive for funds to be made throughout northern California beginning April 12.

Koenig explained that funds raised during the campaign will be used to carry on the agency's program of placing homeless children in permanent homes. The organization, one of the two statewide agencies in California licensed by the State Department of Social Welfare, gives personal care to infants being placed for adoption while thoroughly investigating their background and the background of those who have made application to adopt children.

This year's appeal is being specifically directed to some 32,000 members of the Native Sons and Native Daughters of the Golden West and to 150,000 other northern Californians who have shown their interest in the agency's child welfare work.

Juicing Citrus Fruits

For easier juicing of citrus fruits, particularly lemons, roll the fruit under the pressure of the palm of the hand before cutting it, food specialists suggest. The rolling pressure breaks down and loosens the connective tissues inside the fruit, making the juice run more freely when it is squeezed or reamed. Fruit at room temperature is somewhat easier to juice than that which has been chilled in the refrigerator because it is not quite so firm.

Easy Time Table Distributed Now By Santa Fe

A new easy-reading time table for convenience of passengers on Santa Fe Railway transcontinental trains is now being distributed by the company, according to C. C. Thompson, passenger traffic manager, of Los Angeles.

The new time table carries an individual time card for each Santa Fe transcontinental train and contains information on mileage, altitudes, various train connections, correct locations to reset watches, and points of interest along the line.

On the old type time cards it was necessary for the passenger on north and east-bound trains to "read up" the columns to determine their arrival and departure times at various points. On the new table there is no "read up," as the Westbound table starts at Chicago and the Eastbound time card starts at Los Angeles.

The new folder does not take the place of the system time table but is merely to give Santa Fe transcontinental passengers a simplified time card pertaining to the train on which they are traveling, Thompson said.

Star Brighter than Sun

Canopus, the second brightest fixed star in the heavens, emits more than 2,500 times as much light as the sun.

Cleaning China

Never scour china or pottery. Hard rubbing and cleaning-powders may cause the color or gilt to fade and damage the smooth finish.

Rimski-Korsakov a Sailor

Rimski-Korsakov, the composer, was a sailor on a Russian vessel that docked at New York in 1864.

Sierra Club Essay Contest Is Extended 5 Days

A five-day extension to April 21 for submitting entries in the Sierra Club's second annual conservation essay contest for California high school students was announced today by club officials.

The boy and girl winners will be brought to San Francisco to attend the San Francisco Sports, Travel & Boat Show opening April 30 for a ten-day run. Finalists will be presented at the show in Civic Auditorium May 1, where they will be crowned king and queen junior conservationists of California. With the presentation goes a two-week mountain trek as guests of the Sierra Club on their annual summer trip to East Vidette in the high Sierras.

Lauding the Sierra Club's conservation contest, General H. H. "Hap" Arnold, president of the California Fish & Game Commission, urged all high school students to participate in the essay contest.

"These days find an ever-increasing number of hunters and fishermen for whom conservation of California's natural resources and wildlife is a topic of vital importance, and I hope it will be to every other citizen of our state, likewise," the general said. "Every opportunity must be made to acquaint the public with the details and work of the Fish and Game Commission and with the problems of conservation connected therewith.

"I urge every California high school student to learn more about our game birds, our deer and fish, and the story of conservation — to practice it and to preach it. The Sierra Club's annual essay contest is an outstanding method of bringing these things to our youth."

Topic of the essay is "What Conservation in California Means To Me." All entries, 200 words or less, must be postmarked not later than April 21 and should be mailed to the Sierra Club, Mills Tower, San Francisco.

$18,000,000 FOR COAL

More than two and one-half million net tons of coal were required to keep the wheels of the Ford Motor Company turning last year. Valued at more than 18 million dollars, the coal is purchased in West Virginia, Kentucky and Pennsylvania to obtain the various types needed — steam, high and low volatile by-product coking, and anthracite.

DRESSING WELL FOR LITTLE MONEY

Everybody agrees that the best way to buy any season's wardrobe is to get it all at one time. Proof that it can be done this Spring and Summer, whatever amount your bank account allows, was put across in New York's recent showing of fashions-at-a-price, all under $25. The majority of dresses, in fact, were considerably less.

The fashions, chosen for their trend as well as price value, included well-styled Easter suits in good woolens, bolero and capelet costumes, Spring's popular petticoat dresses, pretty and tubbable career girl cottons, prints and printed ensembles, among them some pure silks, and even a white satin bridal dress.

Photos courtesy New York Dress Institute

Low-priced good fashions: Redingote costume (above) combining a sheer navy crepe coat and a navy and white taffeta dress with camisole top and flounced hem. For Juniors (left), bolero dress of blue spun rayon with dotted sash matching revers of the bolero.

Pictured today are two of the many big values for little money. The redingote costume, seen in high style collections, is a popular-price version as a New York designer shows it in checked taffeta with navy crepe. The big "pussy cat" bow and ruffled sleeve cuffs match the "slip dress" beneath the coat. Naturally, the coat can be worn over many other dresses. The bolero costume is one of many varieties in all kinds of fabrics.

STATEMENTS FROM COUNCIL CANDIDATES

Julius Castelan

It is my belief that the basic reason a city such as Daly City is organized into a municipal unit is to alleviate, help, and make life more liveable for the people of Daly City.

Such being the case my honest and sincere ideas, which I will try to implant if elected, are as follows:

1. TAXES — The only excuse for taxes as such is to provide adequate funds to pay the expenses of operating the city government and not to accumulate a huge general fund of $100,000 to $200,000 Daly City has had.

2. CIVIL SERVICE — Without any reservation whatever, true civil service should be installed in Daly City for the protection of those now serving and any future new civil servants. We now do not have such a system. I believe in paying LIVEABLE wages, so as to attract the best employees for the city.

3. HOUSING—We should strive to provide some rentable units sponsored, promulgated, and constructed by the municipality. This would be help to our G.I.'s who are now doubling up, instead of proposing some memorial started 10 years ago and still in a smoky far off day of completion.

4. LIBRARY — Of what good is a library that is closed half the time. Should be open all day Saturday.

5. STREETS — (a) How about fixing our street cracks? They are getting rough. (b) All the catch basins should be cleaned once a year for sanitary reasons. (c) Let us not talk, but act. Place unnamelled street names on all street corners so that our friends won't get lost looking for our homes. (d) Extend Peoria so that school students do not have to use the dangerous crossing at Mission street. (e) Provide neon signs at main cross streets along Mission.

6. ANNEXATION — The present administration has missed several opportunities to extend our boundaries and also to acquire new customers for the water department. If we are to continue to exist as a city we have to grow.

7. SHUTTLE BUS — The city could well afford to operate a shuttle bus service on a 10-minute schedule to provide transportation up and down these hills of ours so that the people and school children may be brought to and from the Mission street artery. All this can be done at a nominal cost.

8. RECREATION — Extend services now available.

9. ASSESSMENT PROCEDURE — It is time for a businesslike survey of all assessments in relation to procedure, depreciation, and true valuation.

10. FRANCHISES — It was the writer who for years insisted P. G. & E. should pay franchise fees now being paid to Daly City. Now the Telephone Company is receiving about $50,000 per month from Daly City, and it is about time they should pay franchise taxes to Daly City.

11. WATER DEPARTMENT — I am sure the people want to know and they should know: (a) How much money has the city invested in the water system. (b) How many million gallons of water are being pumped daily and how many are being sold — leakages. (c) We should have a depreciation fund established to accumulate funds for new mains we shall soon need.

If the wages of sin is death,
What are the wages of neglect?

Importance of Eggs

"The egg is the cement that holds the castles of cookery together," once said a famous chef. You may use eggs to thicken a custard or sauce, to leaven or lighten a souffle or cake, to hold together oil and vinegar in a creamy mayonnaise. Use egg whites to make cloudy soups clear, or an egg shell with some of the white still clinging to "settle" muddy coffee.

Potato Calories

An average potato supplies about 100 calories, a chocolate bar gives 240, and a piece of apple pie about 400. Potatoes, therefore, are not so fattening as some other foods.

Edward J. Dennis
Daniel A. Dolan

Declaring their appreciation of the gratifying response the people of Daly City have indicated in their campaign for retention on the City Council, Councilmen Edward J. Dennis and Daniel A. Dolan reiterated their belief that a councilman's first duty is to the taxpayers, in a final statement issued today.

"We point with pride to the fifteen-point program which has already been accomplished," said Edward J. Dennis, "and are eager to proceed with a continuing progressive program which will benefit all the people of Daly City, and which we hope to pay for on a pay-as-you-go basis. Hundreds of local residents have expressed their approval, and the record speaks for itself in showing what can be accomplished by common-sense management."

Both Dennis and Dolan, lifelong Daly City residents who have continually fostered progressive improvements in the muicipality, have been endorsed by the United AFL Labor Committee of San Mateo County; the Five Townships Club, and by the Daly City Better Government Club. They also have the support of a host of business and civic leaders throughout the City.

"So far as annexation of new territory is concerned," stated Daniel A. Dolan, "we are in favor of expansion of the city where it can be accomplished without putting a tax burden on present Daly City taxpayers. Daly City is a community of working people and their families and it is to them that we owe our first allegiance. New sub-divisions should pay their own way, and this can be arranged by sound planning; but we are unwilling to sink the present taxpayers in heavy debt merely to accommodate private sub-divisions. And it is only reasonable to insist that all negotiations concerning possible annexation be conducted in an open hearing, where the public can understand all the conditions under consideration."

The incumbent councilmen have achieved a program of civic accomplishments based on progressive planning on a pay-as-you-go basis, without increasing the tax rate, and pledge themselves to common-sense government in the best interests of the taxpayer.

Expressing thanks to their many friends who are working so diligently in their behalf, Councilmen Dennis and Dolan said they hoped that every qualified voter would go to the polls next Tuesday, as a demonstration of Democracy in action.

Blossoms Last

The pinkish blossoms of the Pee Gee Hydrangea remains on the shrub all winter. If picked while in rich pink color, they make a fine decoration for the living-room.

Fred Bertetta And Edward J. Mooney

"Future expansion of Daly City's city limits to provide for inclusion of new residential areas has won complete acclaim on the part of Daly City voters," states Edward J. Mooney, city council candidate, in a final campaign statement made today.

Mooney and Fred Bertetta are paired in an effort to gain the two city councilmen positions at the Tuesday, April 13, election.

They favor:

1. Immediate action towards securing annexation of the last remaining residential area to the west of the city.

2. Expansion of the city's recreational facilities to preside for all age groups in all parts of the city.

Sponsored Public Opinion Poll

Early in the year Bertetta and Mooney conducted the Daly City Public Opinion Poll to determine public feeling on the two issues of the campaign.

There were 3,294 postcard ballots mailed to voters. Of those mailed out 1,873 were returned in time for tabulation. Many others have been returned since the first tabulation.

In answer to the annexation of the last remaining residential area, west of the city, it was found that 84% of the returns favored immediate annexation. In other words, more than 1,500 favored annexation while fewer than 300 of the returns were opposed. Fewer than 10 expressed no opinion.

People Want Recreation

Bertetta and Mooney found more than 1,400 of the returns in favor of increased recreational facilities. Slightly more than 300 were opposed. Fewer than 15 of the 1,873 returns had no opinion on the question.

The two, Bertetta and Mooney, are the only candidates taking part in a Daly City election known to have resorted to public opinion poll to determine their program.

Mooney stated, "We figured that if industry and newspapers could use polls effectively to determine public opinion on important questions we should be able to sample the feeling of voters on such important issues as annexation and recreation.

"To those with whom we talked it was evident they were not satisfied with the 'do nothing' attitude of incumbent councilmen. We asked them how others felt. They assured us most people wanted annexation.

"We weren't satisfied with these answers and conducted the Daly City Public Opinion Poll to learn the facts," the candidate said.

Develop 'Two Hot Issues'

The Bertetta and Mooney joint statement goes on to point out that nearly two-thirds of the postcard ballots were returned in time to be tallied for use in the election campaign.

Fred Bertetta states, "We, Mooney and myself, certainly touched on two of the hottest issues ever to come before Daly City voters.

"I have always known that little territory was available for Daly City's expansion. It was only after close study of what other San Mateo county cities were doing that I realized how far behind we were getting.

"When I discovered that we had slipped from being the county's fourth largest city in 1940 to sixth in 1948 I knew we were being let down. My friends, with whom I discussed the matter, urged me to run for the city council. They stated that if I would promise to take immediate steps toward securing new residential areas that they would give me strong support. They have kept their word. They have brought their friends to support the program that Mooney and I have made the issues of this election."

Opponents Have No Program

"Our friends," states Mooney, "call attention to the hijacking of the recreation committee's good work by our opponents. They point to the fine job being done under the able leadership of Elman Rose, who is so unselfishly aided in planning the program by the recreation committee. Many residents are quick to point out that all the incumbent councilmen have done is approve the plans as submitted by the recreation committee and Rose.

"We appreciate this help from 'the man in the street' who is interested in getting the best leadership available to serve him on the city council.

"At this time we are studying what other communities are doing in the matter of recreation. It is a big problem and will need the future consideration of every Daly City resident.

"I'm particularly interested in the prospect of providing every section of the city with outdoor and indoor facilities operated in connection with school officials. Bertetta has made quite a study of how school and city council can set up such a program. This provides a maximum of facilities at a very low cost. His fund of information on this subject will be of great value to the new city council.

Will Keep Public Informed

The joint statement of Bertetta and Mooney points out that they will keep the public informed of their plans. Their results with the public opinion poll indicated the public has a deep interest in what the city does. They want to feel that they, not "political machines" or "letterhead organizations," have final say in what is to be done.

The statement calls attention to the fact that Bertetta and Mooney are complimented when it is called to their attention the incumbents opposing them state "they too" favor annexation and expansion of recreation facilities.

"Their willingness to accept our program is evidence that we have taken the lead in showing them what the people want. It is a clear cut case of 'me too'," declared Mooney.

The Bertetta and Mooney statement goes on to say, "Their adoption of the annexation pledge must be accepted with misgiving.

"The annexation of new areas does not cost money. Other cities have taken in new areas without spending money. If they can, we can. We know how it can be done. So do our opponents but they don't want new areas. They know that it is the only way you will be able to protect the taxpayer in the present city limits. They had their chance for action.

"Their claiming of the credit for the good work done by the recreation committee and Elman Rose, its director, is highly presumptious. The good people who worked hard to plan and administer the program resent the lifting of credit by selfish politicians interested only in perpetuating their office."

The Bertetta and Mooney statement concluded by calling attention to the fact that the issues of the campaign were developed by their public opinion poll. It states the record submitted by the incumbents represents nothing more than votes on routine matters. It calls attention to the fact that the incumbents lifted the annexation and recreation issues after finding the voters wanted action. The lifting of these is nothing more than a "last ditch" effort to repair crumbling "political fences," according to Mooney and Bertetta.

Three N.D.G.W. Parlors To Fete Grand President

Arrangements are nearing completion for the gala event honoring Grand President Doris Treat, the occasion being her official visit to Genevieve Parlor No. 132, Presidio Parlor No. 148 and Portola Parlor No. 172, April 6, Native Sons Hall, 414 Mason street.

Invitations have been extended to all high dignitaries of the Native Daughters of the Golden West. Portola Parlor No. 172 has selected the opening ceremonies and will salute its members, Georgia O'Brien, organizer; Mae H. Noonan, past grand president, and Agnes Curry, grand treasurer.

Genevieve Parlor No. 132 will deliver the ritualistic work in which a group of California women will receive the obligation.

Presidio Parlor No. 148 will complete the evening's program with presentation of gifts and the closing performance.

These three parlors are well known for their activities in civic affairs.

NICE HUNTING!

Ford Motor Company's bus generator plant at Brooklyn, Michigan is located in a section so abundant with game that during the hunting season employes bring their shotguns to hunt in nearby fields when the day's work is done.

Bring in Lumber

About 2 per cent of Illinois' lumber needs come from within the state.

Balboa Adult School Registration Closes April 16, Chief Says

That residents of the Excelsior District are interested in adult education is evidenced by the fact that over 600 are enrolled at Balboa Adult School. This figure was released today by Robert F. Gray, principal.

Gray also announced that registration for the new spring quarter which opened Monday, March 29, will continue through April 16.

The curriculum at Balboa Adult School includes typewriting, shorthand, bookkeeping and accounting, office machines, Americanization and citizenship, real estate, floral arrangement, sewing and millinery, sheet metal, mill and cabinet shop, radio and electricity, and machine shop.

If the demand warrants classes also will be started in Russian, interior decoration, civil service, and badminton.

Classes meet every Monday and Wednesday evenings from 7 to 9 p. m. and are open to all adults free of charge. Balboa Adult School is located at Onondaga and Cayuga avenues. For further information telephone HEmlock 1-4899.

Influenced Students

The Institute of Student Opinion poll found that among 501,500 high school students 38 per cent answered "The family" when asked about the chief influence on youth's thinking. Newspapers and magazines rated second with 17 per cent; close friends — "the gang" — were third; and radio ranked fourth. Other influences, in their respective order, were: community or student opinion; teachers; the church; movies; and schoolbooks. Teachers received the low vote of 5 per cent.

Recorded Colors

A gamut of some 2,500 recorded colors flows from the basic pigment colors, which are red, blue and yellow; secondary — purple, orange and green; tertiary—brown, olive and blue-green. The dimensions of colors are hue, to basically distinguish one from the other; value, to distinguish light tints of a color from its dark shades, and chroma, to distinguish the intensity of bright, pure colors from subdued, grayed colors.

Keep Coffeemaker Clean

Keep the coffeemaker scrupulously clean. It should be washed with hot suds and scalded every time it is used. This would indicate, too, that it's a waste of coffee to make a large potful to be used for several days. Warmed-over coffee is bitter and unpalatable.

Riding in a Riksha

In Shanghai, a riksha costs between $17 and $40; those rented to the public cost about $20, and on each a small tax is paid to the municipality. Some privately owned rikshas have been equipped with American balloon tires, shining chrome wheel spokes, and lacquered bodies and have had artistic coats of arms painted on their sides. Before the war an American could ride in a public riksha for a week on what it would cost him in carfare to ride a day in the United States.

Binding Meat Loaf

Although a thick white sauce is generally preferred for binding together the ingredients of meat loaf, meat patties and similar mixtures eggs may be used successfully for this purpose, provided the meat cooks at medium rather than high temperature.

Cuts Flawlessly

An electric saw will cut a groove in plaster without chipping it; developed for use in installing heating and control equipment.

LOTS OF COPPER

Although steel is the number one metal in automobile manufacture, nearly 60 million pounds of copper, valued at more than 17 million dollars, was purchased by Ford Motor Company last year. Most of the copper is used in radiators. Copper is mined in Utah, Monana and Arizona.

Controls Toy Train

There's an electronic method now for the control of toy train operations.

UNLIMITED ENLISTMENTS IN AIR FORCE

The United States Air Force today lifted its recently adopted restricted enlistment policy and resumed unlimited recruiting of unmarried men, according to Captain Francis R. Fitzgerald, commanding officer of the San Francisco recruiting station. Married men will be accepted if they qualify for assignment to the upper three grades or if they are USAF veterans reenlisting within 90 days of discharge, he added.

"In revising its enlistment regulation, the USAF retained all newly-tightened requirements which eliminated enlistments with waivers for age and physical shortcomings. The USAF's aptitude test score requirement, now set at 90 and higher than any of the other military services, will remain unchanged," Captain Fitzgerald said.

The Air Force said it would profit by accepting every qualified applicant during the next several months to utilize existing training facilities to the maximum, because a reservoir of trained men was needed to balance heavy personnel losses expected in the fall when many of the earliest post-war enlistments expire.

At the end of February, 1948, when USAF enlisted strength approached the 312,000 ceiling recommended in the President's budget message to Congress, the Air Force announced it would limit new enlistments to the number of men lost through normal separations and expirations of enlistment. The USAF planned to restrict enlistments to 5,100 men for March and 4,000 during April; more than 14,000 men enlisted in January and 11,270 in February.

The USAF's fiscal year 1948 budget, however, which is operative through June 30, 1948, provides for an enlisted strength of 337,000 men, and the Air Force now plans to utilize this authorization to build up its ranks against anticipated separations.

Officer strength in the USAF, set at 64,000 in the fiscal year 1948 budget, now stands within a few hundred of the 48,000 recommended in the President's budget message.

Eight-Piece Trousseau For $104.20

Inflation or otherwise it's still possible to get a trousseau as shown in above photographs for slightly over $100, according to the April issue of Good Housekeeping magazine. At top left is shown bare jersey dress with matching bolero that covers shoulders for dinner or afternoon bridge. Costs $19.95. Rayon jersey. Comes in navy, pink, white, light blue, red or pale gray. Top middle shows good summer suit. Skirt and jacket can be worn separately. Rayon-and-wool Palm Beach cloth, costs $22.50. Comes in aqua, sand, Rio red. Top right shows the dress you'll want to be your trademark because of its clean, singing stripes, well-groomed waistband, and comely shirtwaist top. Costs $22.95. Wool and cotton. Comes in combinations of navy, gold, and white green, beige and white.

Lower left shows charming white dress, uncluttered, gracious. Wear it with blazer, suit jacket. The waistband is the single color punctuation; can be navy or white. Also in gray, yellow, green, brown, red, beige and navy. Costs $10.95. The fabric is rayon jersey. In the middle is shown a bathing suit that costs $10. Available in gray, black or gold with white polka dots. It's 51% cotton, 42% wool, and 7% lastex. Lower right shows shorts of Palm Beach cloth (86% rayon, 14% wool) for $5.95. Comes in white, navy, brown and many other shades. A rayon-jersey crew shirt (try with suit, too) costs $3.95 and can be navy, red or yellow. Finally a brilliantly banded blazer for $7.95. It's 44% wool, 35% rayon, 21% cotton. Comes in combinations like navy and red, brown and yellow, Kelly and beige. All the fashions in this trousseau are by Sacony, and they come in all sizes 10 to 20.

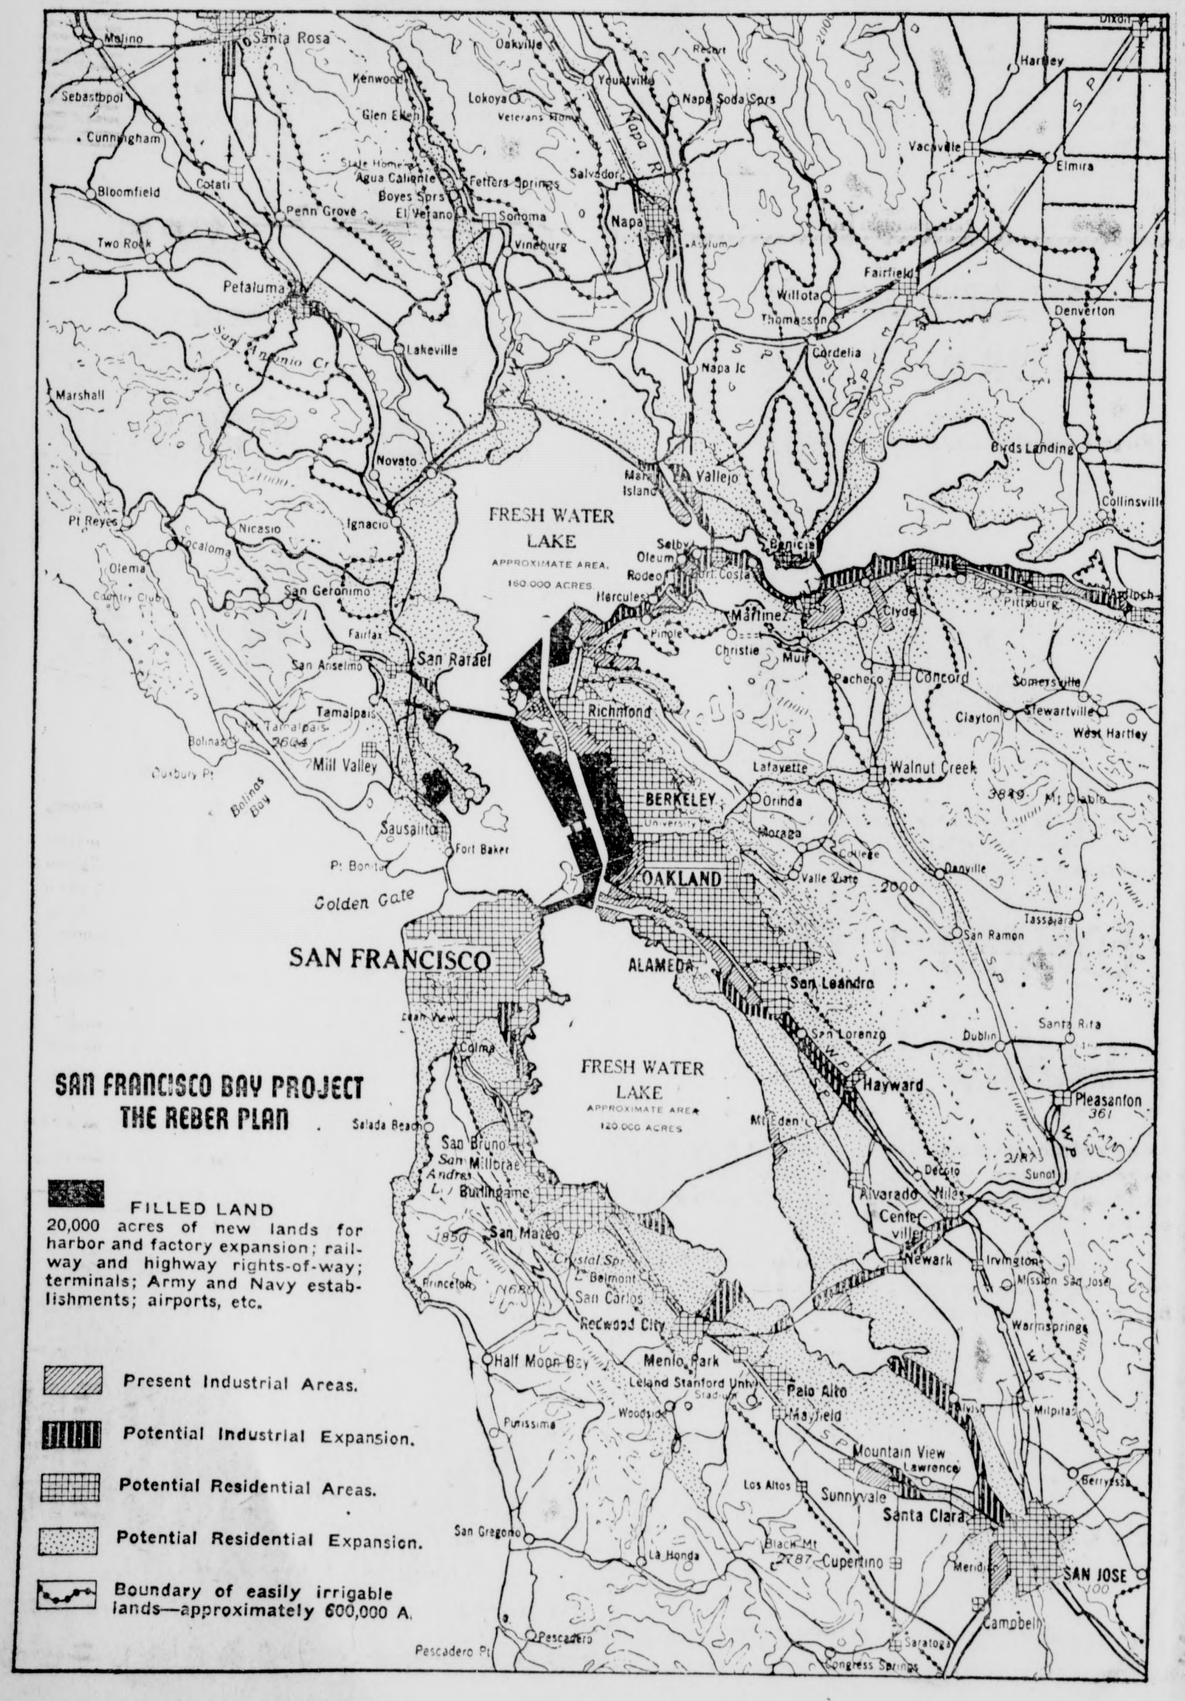
Ford Dealers Met In Richmond

Service managers from representative Ford dealerships throughout the West Coast region met in Richmond April 1 and 2 to discuss technical problems in servicing new Ford cars and trucks, it was announced today by Tom Cavnar, regional service manager for the Ford Motor Company.

Fourteen dealers' representatives, including two each from the districts of Richmond, Denver, Salt Lake City, Seattle and Los Angeles attended the meeting. Two members of the council were chosen at the Richmond meeting to attend the national council in Dearborn on April 22 and 23, Cavnar added.

Similar meetings will be held in the other five regional centers throughout the country. The council is patterned after Ford's dealer advisory council from which the company receives dealers' suggestions on improving company products.

"This is but another step in our future planning for building the strongest and most aggressive service organization in the industry," Cavnar said.



POWER DIRECTOR STATES RESTRICTIONS TO REMAIN IN EFFECT

The present 20% power curtailment program must remain in effect throughout the 46 power-short counties of California if electricity for minimum operation is to remain available during the rest of the year, Robert P. O'Brien, emergency power director, announced recently.

O'Brien declared the rainfall of the past ten days prevented the power shortage from becoming worse, but did not remove the necessity for conservation.

Nor did an announcement of new power generating facilities to become available in April and May remove the necessity for conservation. When the curtailment program was planned, these facilities were taken into consideration.

These new units include a new 75,000 kilowatt generator at Shasta Dam for which a power distribution agreement was reached between the Pacific Gas & Electric Company and the Bureau of Reclamation, a Kern steam plant to produce 60,000 kilowatts by May 15 and the new Magunden interconnection bank of transformers to provide 75,000 kilowatts from southern California to the power-short northern areas.

The deficiency in water storage as compared to what is required for uncurtailed power use has increased steadily, despite the rains, since February 28, 1948. On that date the deficiency in Pacific Gas & Electric's water storage was 187,000,000 kilowatt hours. The deficiency on March 27 had arisen to 344,000,000 kilowatt hours, making an already dark picture worse, O'Brien said.

No further restrictions other than those contained in the emergency EPD-1 regulations issued March 16th are anticipated in the immediate future. It may, however, be necessary to revise existing rules regarding safety lighting, and commercial electric signs, he said.

Introduction of daylight time has resulted in the expected power saving and has aided the curtailment program. Response to the curtailment program also is most encouraging, O'Brien said.

Meanwhile, O'Brien disclosed that many of the local power conservation committees which Governor Earl Warren requested be set up, in his letter of February 20th have already been established and are in operation. They are screening applicants for new power and requests of present users for adjustments in their present power allowances and are forwarding their recommendations to the power director for action.

O'Brien announced that he and his staff are aware of the great hardships and financial loss which will face users of electricity whose consumption has been cut by the 20% curtailment.

He said that although there is no probability that the over-all curtailment program will be relaxed in the near future every effort is being made to bring ext power into northern California a to speed existing programs so th relief can be effected as soon possible.

S.F. Women Of Moose To Initiate New Members

Initiation of a large class new members will be held at 8: p. m. Thursday, April 8, by Wo en of the Moose chapter 739 in t Odd Fellows building at 26 Se enth street.

Hostess for the affair will Helen Angarius, homemaki chairman, assisted by Peggy Ha and Virginia Moncrief. Reports standing committees will be re at the meeting.

The chapter's sewing unit w meet Monday, April 12, at M Alma Nittler's home, 2006 56 avenue, Oakland. Members atten ing will meet at 11 a. m. at t "N" bus line on First street.

A meeting of officers and co mittee chairmen is slated for p. m. April 20 at the home of Irr Heyberger, library chairman, 1766 44th avenue.

Shasta Power

It is not being wasted now
It need never be wasted

You, as a user of electric power and as a taxpayer, have an important stake in the Shasta power question. In this message we outline what's behind the discussion—and offer the facts for all to read.

Additional Shasta Power Will Help. We have been and are doing all we can to correct the power shortage. Power from every possible source, in this drought year, must be distributed to northern and central California. Shasta is expected to provide about 75,000 additional kilowatts April 15, when a new generator comes into service. There'll be a like amount later on. Our total demands run about 2,000,000 kilowatts. Shasta will help—every bit of power counts—but Shasta power alone won't solve the problem.

Shasta Power Now Being Used. No Shasta power is going to waste now. It's being fed onto our lines and is being used along with power from about 75 other sources. It has been used since June 26, 1944, under a contract between P. G. and E. and the Bureau of Reclamation—a Federal government agency.

What's the Problem? Actually, there shouldn't be any problem . . . but there is. The Bureau doesn't want to extend the contract to cover the new Shasta power, even for the balance of this year. Instead, the Bureau has reluctantly agreed to put the additional power on our lines during the emergency on a day to day basis. We have agreed to take it that way—this assures no waste of Shasta Power during the emergency—but leaves the long-range disposition of the power unsettled.

Why Is There a Contract Dispute? It started back in 1941. When Shasta construction began we offered to supply a market for Shasta power and offered to coordinate our operations with those of the Bureau at Shasta and Keswick (another unit of the Central Valley Project). At that time the Bureau demanded that we "convey" Shasta power over our lines to enable them to sell it to various public agencies. It is not physically possible to do this, but in any event we couldn't agree to such a demand. These agencies were and are our customers and are being served under rates established or approved by the California Public Utilities Commission. Such a demand, were it carried out, would amount to virtual confiscation of a good part of our business. An agreement on our part would be just as foolish as for a milk company to agree to furnish their trucks and delivery men to someone else—who would begin delivering their own milk to the milk company's customers.

Wartime Contract Signed in 1943. Congress finally took a hand. In 1942 the Senate Appropriations Committee recommended that the Secretary of the Interior and P. G. and E. "immediately enter into a contract, for the duration of the war and a reasonable time thereafter".

The Bureau then agreed to a contract—without the "conveyance" clause. That contract was signed in 1943 and is still in force. It will be until the end of this year.

Under that contract the United States has collected from us more than 11 million dollars for Shasta power. But the contract is running out—a permanent contract should take its place.

Bureau Won't Agree. The Bureau has gone back to its original demand, first laid down in 1941. P. G. and E., they insist, must "convey" power for them for delivery to a long list of federal, state and local agencies, now P. G. and E. customers.

Practically all the other points in a new contract are agreeable to both parties. But with this one we disagree.

Bureau's Demand Puts Burden on Public. Last year the customers which the Bureau could take from us used more than a billion kilowatt hours of power. That's about one-eighth of our total power demand. Here's what that means to you:

Under the direction of the Public Utilities Commission, our low rates have been carefully adjusted to cover costs of a complex system of generating and distributing power . . . to all the people in our area. Should special privileges—at the expense of the taxpayers—be granted to those who use one-eighth of our power, the others who use the seven-eighths would naturally have to make up the difference. We don't want the public to be thus penalized.

How to Solve the Long-Range Problem Since Shasta began to produce we've been buying power and paying for it. Our point is this: all northern and central California should share in Shasta power—not a few selected agencies or customers. It can be made available to the homes, farms and factories in the area. Fair terms have been offered by the P. G. and E. If there is a dispute as to price, we will submit it to the California Public Utilities Commission or to the Federal Power Commission and abide by the decision, although in 1943 Harold L. Ickes, then Secretary of the Interior, said we had agreed to pay a "fair and equitable price for the power".

Transmission Lines Available. P. G. and E. transmission lines are ready at our Shasta substation to take the output of the generators to come into service this month and in July. Before another month passes we will have still another transmission line south from Shasta substation. With that line in operation all the power to be produced at Shasta and Keswick Dams can be distributed over northern and central California.

All the government need do is build its transmission lines to Shasta substation—25 miles. It has the money to do that, appropriated by Congress last year. The Bureau of Reclamation and the Federal taxpayer, whose money it spends, need do no more.

We have the service organization, the substations and all the necessary lines to get the power to the public.

P·G·and E

PACIFIC GAS AND ELECTRIC COMPANY

o Promotions e Announced By c. Tel. & Tel. Co.

nouncement was made today eorge H. Jess, vice president he Pacific Telephone and Tele- h Company, of the promotion vo top-rank executives of the pany to positions of increased e and responsibility.

ank A. Dresslar has been e vice president, reporting to ice president-operations, with ary responsibilities in connec- with the company's huge ex- ion program, including engi- ing and construction matters.

hn M. Black has been named ucceed Dresslar as vice presi- and general manager of the hern California and Nevada . Black has been assistant president to Dresslar.

esslar's experience and ability, h particularly fit him for the duties of guiding the telephone nsion program, have been ed through widely varied work he company, during the years 1919. He started in the tele- e business in Oregon as a k in the plant department. ough successive stages he rose ugh the plant and traffic de- ments until 1941 when he be- e Oregon vice president and ral manager. Dresslar was ap- ted vice president in charge taff operations at the head- ters office in San Francisco, 44, and vice president and gen- manager for Northern Cali- ia and Nevada in 1947.

ack began with the telephone pany in Pasadena, in 1921, as unter man in the business of- and transferred to the com- cial department in Los Angeles 927. He was general commer- agent at time of coming to Francisco, in 1942, when he me commercial operations en- er, and was named assistant president in 1943.

Preparing Water Fowl

cooking wild water fowl a lit- special attention will help in- a much more tasty dish. In paring a bird for cooking it is to remember that an older has less tender meat and is cooked with moist heat with a moderate amount of season- while tender meat is cooked dry heat. Seasonings used in de onions, tomatoes, garlic, lem- marjoram, thyme, cloves or chili wder.

HIGH, WIDE and HANDSOME

Smartly streamlined, sturdier and stronger, GMC Truck's new medium duty cab-over-engine line is now in production. Two series offer 11 basic models with wheelbases up to 197 inches and gross combination weight ratings to 34,000 lbs.

LEFT: The new C.O.E. cab features all of the comfort and convenience advancements found in GMC's 1948 conventional models. All-steel and 6½ times stronger than prewar, it provides a revolutionary ventilation system, 22 per cent more vision, 8 inches more seating width with nearly twice the number of seat springs and complete insulation.

RIGHT: In addition to the wide hood opening, easy accessibility to the engine is made possible by the removable one-piece insulated engine cover and right and left side floor boards.

Epiphany Cubs Win Honors In Parade At San Anselmo

One of the now-famous music and marching groups of Cub Pack 68, Epiphany Parish, won distinction for its parish again last week end by taking the "best junior drum corps" prize at the Marin County Reserve Police Officers' Association parade in San Anselmo.

Competing with other young drum corps groups from throughout the bay area, the Epiphany boys, under the direction of Mrs. Fred Lusardi, copped the honors for the most attractive best trained and rehearsed corps in the parade.

The group was led by Assistant Cubmaster George Soetje, with young Fred Soetje, drum major, manipulating his baton at the fore. Color guards were Eugene Guaraglia and Steve Pasquan, while Robert and Billy Best marched as color guards.

The parish scout troop was represented in the parade by its drum corps, conducted by Fred Lusardi.

This Sunday, April 11, cubs of Epiphany will hold their annual coaster race. Accompanied by a motorcycle police escort, the cubmobile procession will be led in parade along Seneca and Delano streets by their drum corps. The race will be held on the hill at the parade's conclusion.

Troop 68 scouts will hold their district court of honor tomorrow night, April 9, in the school auditorium, where officials of the district Boy Scout council are expected to appear. The Rev. John Wagner, scout and cub chaplain, has especially invited 11-year-old cubs and unaffiliated boys to attend the court, with their parents if possible, to witness the advantages of scouting. The pack orchestra will play, under the direction of Mrs. Eleanor Rossini.

On April 18, the cubs will present their popular minstrel show for the boys at St. Vincent Orphanage in San Rafael.

Spoils Decrease

Counterfeiters cheated the American public out of only $48,000 in 1942, compared with spoils of $771,000 per year between 1933 and 1936, according to the Encyclopaedia Britannica. A counterfeit bill often can be detected by comparing it with a genuine bill of the same denomination, paying special attention to the quality of the portrait, which is usually fine in a genuine bill. Counterfeit coins usually feel greasy or slippery.

Sanitary Linings

Non-oil-reactive, alcohol-soluble thermosetting resins find wide usage in the production of sanitary linings for food and beverage containers. Applied by roller coating on flat sheets of tinplate, the films are cured at suitable time-temperature cycles, after which the tin cans are fabricated. The coatings withstand not only the forming and crimping operations of can manufacture, but also the rigors of steam pressure cooking, sterilization.

Pressing

To give a repaired coat a finished look, steam press wool fabric. Protect it with one of the treated press cloths which can be bought with directions for use, or by covering the wool with a dry wool cloth, then a dampened cotton cloth. To steam press, set down, then lift the warm iron with just enough force to drive steam through the wool, and after pressing lift the cloths and beat the fabric by hand or with a wood block to drive out steam. Be sure that the lining lies smooth under the coat.

Pure-Blooded Indians

More than half Bolivia's people are pure-blooded Indians; most of the rest are mixed Indian and white. Despite the mineral wealth, agriculture looms important in the future. Well-established crops are coca (source of cocaine), cotton, corn, coffee, cacao (source of chocolate), sugar cane, rubber and cinchona (source of quinine).

HI-LITES AT S.F.C.C.

By Frank Galo

Paul D. McKelvey (the man who invented Communication Skills) has resigned from the college English department. His vacancy was replaced by a committee headed by Miriam Escher. Samuel Duff, Michael Griffin, and Carolyn Reideman are members of the committee. Miss Reideman will head the obstacle courses, namely the Communication Skills classes. C.S. is a must to enter college parallel courses in English.

Kappa Phi

Versatile Nancy Wallace, SFCC vice president and honor student, gives us the lowdown on Kappa Phi Sorority. This group of fine girls are led by Marie Upland, president; Dolores Maziarz, vice president; Phyllis Ryan, corresponding secretary; Margaret Cordellos, recording secretary; Will Bradley, treasurer; Nancy Wallace, press agent, and Mildred Jensen, sponsor.

This invitational society will reach its climax on May 27 when they present their traditional Fashion Show with all proceeds going to C.A.R.E. Last years show was a huge success and the same is expected this semester. Another highlight of Kappa Phi is their semi-annual Chinese Dinner in which all the girls wear Chinese costumes. (Kinda cute, huh?)

Yours truly wishes to thank the hard-working Miss Wallace for giving up the little time she has to herself to make this article possible.

Next week: Engineering Society

Sports

With the bases loaded with Menlo Oaks in the ninth inning and nobody out, Paul Nederman, ex-Lowell star, rose to the occasion by striking out the side to insure SFCC a 4-3 win last Saturday. Nederman struck out ten men besides banking out two doubles and a single in four trips to the plate. Zane Kaplan and Frank Bellecci garnered two hits apiece to aid in the Ram victory while Ray White, Ernie Domecus, and Nick Cannulli turned in sparkling fielding plays. The good looking Nederman held Menlo's powerhouse, Gino Cimoli, to a lone basehit.

In the season opener, the Excelsior's Hal Flinn pitched the locals to a 10-8 victory over Menlo in the latter's field. Big Hal pitched beautiful ball and only two runs were earned as the Rams made eleven errors. Tom Bournellis and Ray White got two hits apiece while Flinn added more to his glory by striking out the great Gino Cimoli, one of the many San Francisco boys lured to Stanford's developmental school, Menlo JC.

Coach Bill Fischer's boys travel to Santa Rosa Saturday.

If old man weather doesn't interfere, Coach Jim Jensen's now stale track team will trek to Stockton Saturday. The SFCC cindermen have been rained out of two meets. Men like Jim Wyatt, Dave Ramos, Bob Cook, Nick Gardera, George Miller, and Jim Langan are impatient and probably will run wild come Saturday.

The Balboa Buccaneers, paced by Irv Thomas, remained undefeated as they edged Bob Loran's C.C. Red Hots, 45-39, Monday, in intramural play. The Bucs lead their league while Jack Pollicita's Eaglions, Ed Furlong's Ramblers, and Dick Lamarr's Vandals lead their respective leagues.

Dis an' Dat

Marvin Silverman's controversial Forum magazine will be published after all, but only by following Frank Ferguson's now famous Ferguson Plan. The plan is to sell promissory tickets. To date 800 have been sold.

Tri Epsilon will present its famed "Remember When" informal dance tomorrow night at beautiful Aquatic Park. Music will be by Larry Cannon's orchestra. The price for the ducats is $1.80 per couple.

The Guardsman, SFCC's newssheet surprised its readers by coming out with a six page edition last week. Looks like the SF dailies are in for a little competition.

Detergents Clean Well

In washing all-wool white blankets, detergents proved better than soap. Blankets were laundered in both hard and soft water by hand and machine. Blankets made of 75 per cent wool and 25 per cent cotton washed cleaner with soap.

DDT Not Dangerous

Hesitancy to use DDT because of its hazard to health is, in most instances, unjustified. When used according to recommendations, DDT insecticides are not dangerous—except to the insects. They are actually less dangerous than such common insecticides as lead arsenate, paris green, sodium fluoride or nicotine. One should always, of course, handle insecticides of any kind with care.

Poultry Breeding

According to R. S. Dearstyne, North Carolina State college, there is no "ultra-superior" strain of chickens. However, says Dr. Dearstyne, some breeds have better records than others as broilers or egg-layers. It is the breeding within the stock selected that counts. A chick's quality is determined by breeding before the egg is hatched

FIVE TOWNSHIP CLUBS OF SAN MATEO COUNTY

Formerly
First Township Clubs of San Mateo County

1934 Organized in January 1934— For the purpose of educating the people of the First Township to City and County Government, and to have them interest themselves in the welfare of their respective districts, to uphold and maintain the Constitution of the United States of America and to repulse anyone or any movement that is not American in its ideas; or to anyone or anything that will not give the people as a whole — A Square Deal.

1936 Re-organized as the Five Township Clubs of San Mateo County, as a County-wide Club.

April 3, 1948

At a regular meeting of the Executive Board of the Daly City Unit, Five Township Clubs of San Mateo County,

EDWARD J. DENNIS
DANIEL A. DOLAN

to be retained on the City Council of Daly City were endorsed as they have been at prior elections on their qualifications to hold public office.

We ask all our members, friends, and voters to actively support them for a progressive and business administration.

FOR GOOD GOVERNMENT

You Cannot Miss With A Team Like This!

Edward J.

Dennis

LABOR LEADER AND BUSINESSMAN

★

RETAIN

COUNCILMEN

Dan. A.

Dolan

ACTION! NOT EMPTY PROMISES!

That is the platform upon which the campaign to retain Incumbent Councilmen EDWARD J. DENNIS AND DANIEL A. DOLAN is based.

Councilmen DENNIS AND DOLAN do not pretend to offer you, the taxpayer, the world with a fence around it. But the Record shows that they DO STAND for the Taxpayers' protection and refuse to become involved in any deals that may prove more beneficial to private interests than to the home-owners of Daly City.

Do they believe in expansion of the City by annexation of adjacent unincorporated areas? YES, OF COURSE THEY DO!!

BUT, BEFORE THE CITY GOVERNMENT SANCTIONS ANY SUCH ANNEXATION, COUNCILMEN DENNIS AND DOLAN WANT TO BE ASSURED THAT ANY ANNEXATION WILL NOT RESULT IN A BURDEN ON THE TAXPAYERS OF THE CITY THROUGH ADDED TAX COSTS FOR UTILITIES, FACILITIES, FIRE AND POLICE PROTECTION FOR AREAS THAT ARE NOT NOW PART OF THE CITY. They believe that if any new sub-division is added to the City, the new area should pay its own way, just as the present tax-payers of Daly City have paid their own way for years. They refuse to deal with sub-dividers, EXCEPT THROUGH OFFICIAL ACTION ON THE COUNCIL IN PUBLIC SESSION, and insist that all negotiations be conducted in writing, as provided by law. For the past year and a half no WRITTEN petition for annexation has been presented to the Council, although the sub-dividers have been invited to do so. COUNCILMEN DENNIS AND DOLAN BELIEVE IN PROCEEDING CAUTIOUSLY AS WELL AS PROGRESSIVELY, IN THE BEST INTERESTS OF THE PEOPLE OF DALY CITY.

A RECREATION PROGRAM?

Councilmen DENNIS AND DOLAN don't offer empty promises for a Recreation Program—as members of the Council they HAVE ALREADY DEVELOPED A GOOD RECREATION PROGRAM! Let's look at the Record. We quote an impartial news story printed in the Daly City Record on March 25, 1948:

"Elman Rose, director of the Daly City Recreation Department, and the city council's committee on recreation were commended this week in a letter read at the Monday night council session at city hall.

"The letter, written by the secretary of General Pershing Elementary School's Parent Teacher Association, lauded the recreation officials for their successful program during the past year."

A further look at the record will indicate what the present City Council (of which DENNIS AND DOLAN are members) has already accomplished:

A WORKABLE CIVIL SERVICE SYSTEM; A GOOD RETIREMENT SYSTEM FOR CITY EMPLOYEES; SUPERVISED RECREATION PROGRAM WHICH PROVIDES FOR EXPANSION OF RECREATION FACILITIES ON A PAY AS YOU GO BASIS: A SAFETY TRAFFIC PROGRAM FOR SCHOOL CHILDREN; A MUNICIPAL GARAGE FOR ECONOMICAL MAINTENANCE OF CITY EQUIPMENT; IMPROVED WATER SYSTEM TO MEET ANY EMERGENCY, WITH PLANS FOR FURTHER DEVELOPMENT AS REQUIRED; NEW BUILDING, ELECTRICAL AND PLUMBING CODES; A NEW $25,000 FIRE ALARM SYSTEM FOR PROTECTION OF PROPERTY, AT NO EXTRA COST TO THE TAXPAYER; EXTENDED BUS SERVICE TO COLMA, AT NO EXTRA FARE; MODERN THREE-WAY POLICE RADIO SYSTEM PROVIDING FIRST CLASS SAFETY AND PROTECTION FOR CITIZENS AND PROPERTY; A SPECIAL FEDERAL CENSUS, ESTABLISHING A POPULATION GROWTH FROM 9,640 TO 11,666, RESULTING IN A GREATER SHARE OF STATE COLLECTED REVENUES FOR DALY CITY; ACQUISITION OF A WAR MEMORIAL SITE, WITHOUT ANY EXTRA BURDEN TO THE TAXPAYERS.

THESE ARE NOT PROMISES—THESE ARE ACHIEVEMENTS.

- - REMEMBER! - -

DENNIS AND DOLAN

NEXT TUESDAY, APRIL 13

ENDORSED BY: UNITED AFL COMMITTEE OF SAN MATEO COUNTY; THE FIVE TOWNSHIPS CLUB OF SAN MATEO COUNTY, AND THE DALY CITY BETTER GOVERNMENT CLUB.
